Southern Academics's Blurbs

About me:
 There is never a dull moment. The teachers here are so wonderful. The freshmen are really tiny, and the seniors finally got it together. The sophomore class just found their way, and the juniors have learned to chill out. The hallways are jammed and the bells always ring 2 minutes early. There is snow here 9 months out of the year and it never reaches more than 70 degrees. You gotta love "sub" days and the field trips are unforgettable.

Who I'd like to meet:
 Albert Einstein, Sir Issac Newton

At the end of each school year, some students say farewell to Southern as some are introduced to the next four years of their lives. No matter where a student stands, each person is opening or closing a chapter in his or her life, giving them ***Something To Talk About***. When looking back on the 2006-2007 school year at Southern, whether it is experiencing a girl's basketball state championship or hosting a foreign exchange student, there are plenty of memories to keep everyone talking. We walk through the halls each day remembering our wrestling champs, FBLA state award winners, field trips and the first ever Talent Show and Prom Preview. These events, along with many others, keep the buzz of the Southern Rams going around town.

Student Life

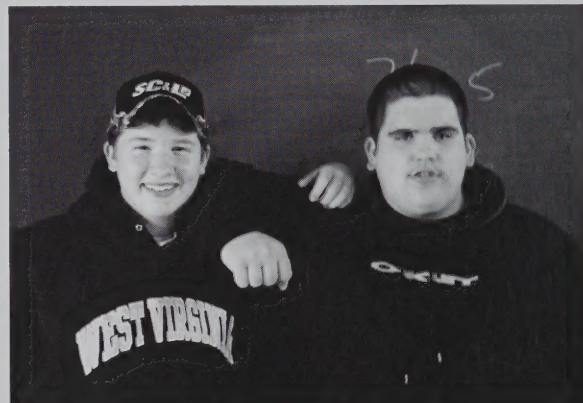

Whether you're picking out some hot new threads with your girlfriends or playing video games with the guys, life outside of high school is what keeps most students sane throughout their four years. From tubing at the lake to skiing at the Wisp, walking around at Autumn Glory to playing poker at After Prom, students at Southern High find plenty of activities to enjoy themselves and keep them talking. We commemorated the 5th Anniversary of 9-11, experienced our first Prom Preview, and struggled to have a "Jungle" Winter Homecoming. These events kept the students at Southern High talking outside of school.

Friends Are The Bacon Bits On The Salad Of Life

Webster's Dictionary defines a friend as someone attached to another by affection or esteem. Many students at Southern define a friend as someone you can trust and depend on. In a true friendship, there needs to be a great amount of loyalty, respect, and plenty of FUN! A true friend is someone who will pick up the phone at three in the morning to talk and is always there to share the good and bad times.

Sweet Summertime

Look at those tan lines! Courtney Gregory and Meredith Pagenhardt show off their tans lines from their trip to Ocean City. "[We] laid out for like six hours everyday," says Courtney.

Robert Bauman says, "I love being on the water. It is especially relaxing." He is taking a break from riding the waves with his brother, Matt Corby.

When asked what was the coolest thing she did over the summer, Taylor Moriarity said, "I just enjoyed hanging out with my best friend Carey Rush. We did a bunch of cool things!"

Stuck in the Stone Age, Kaitlin McDade went on a tour of Ireland, Scotland, Wales, and Paris over the summer. "I had a lot of fun, and I hope I can go back someday."

Splish, Splash! Jordan Pacella, Drew Proudfoot, and Alan Gnegy enjoyed hanging out in Drew's pool. "Me and my homies tear it up on Monte Vista, fo sho! Ladies love our tans," said Drew.

Soaking up the Sun

Strike a Pose

Megan Bauman, Jillian Kelly, Abbi Smith, and Chanda Remley missed school so much that they came back over the summer! "I love being able to stay up during all hours of the night," says Chanda.

Summer Royalty

"I was Kitzmiller Centennial Queen of 2006. My favorite part was getting dressed up and riding in the convertible," says Faith Stiles shown with the Kitzmiller King, her brother, Dan Stiles.

Don't let it fall Josh! "A twenty-one day trip to Europe would probably top my list. It was a once-in-a-lifetime experience," says Josh Ash (right).

Learning the ropes, Alyna Raynovich (below) is shown here with professional wakeboarder Russ Wilde. "(Russ) came to my dad's boat company to do a wakeboarding clinic," says Alyna.

Getting wild in Idlewild. "My best friend Stephanie Sliger and I went to Idlewild and rode the water slides and the Wild Mouse," says Samantha Cummings (below middle).

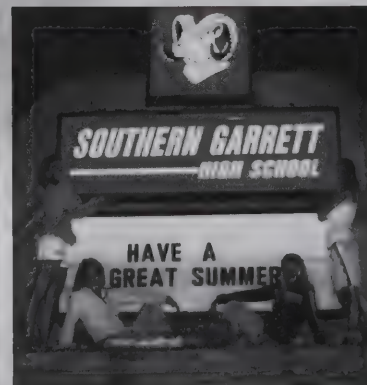

Showing off her new hairdo, Samantha Gibson (below) was shown in the hair styling magazine "Hair Styles."

Sunshine, sunglasses, and flip flops. Summer is a time that students look forward to, escaping the stress and anxiety of school. Some students traveled, while others hung out at home or earned extra cash by working. What did you do over the summer?

Speaking Of June, July, And August...

Just When We Thought It Was Safe

Jack Frost Bites Again!

Freezing weather did not stop Southern students from being active during the long winter months. No matter how long it took to shovel the driveway, students found a way to hang out with friends and have tons of fun despite the weather! Students did everything from playing video games [on the new Nintendo Wii and Playstation 3], bowling at Par Matt Lanes and skiing, tubing, snowboarding at the Wisp.

8. Kim Stephens seems to enjoy riding the rope to the top of the trail.

Five Years Later

Although Nothing Like This Has Happened To Us In Years,
We Still Remember 9/11 As If It Were Yesterday

Five years after the 9/11 terrorist attacks, the student body and staff continue to gather at our own 9/11 Memorial Park to remember those who were killed and affected by this horrible event. The staff and student body remembered 9/11 by singing patriotic songs and listening to a poem read by Mr. Woods titled "If I Knew." Most students said they will always remember the following line from the poem: "Tomorrow is not promised to anyone, young or old alike, and today may be the last chance you get to hold your loved one tight."

Where were you? What does September 11 mean to you?

Southern students respond to where they were on September 11, 2001, the type of memorial that should be built, and thoughts about 9/11. **Bottom, left to right:** Brittany Morgan says, "I felt scared after 9/11 and learned not to take any freedom or rights I have for granted because they can be taken away at any moment." Nicholas Brant says, "I feel that a large plaque should be a memorial with the two towers and all of the victims names on it." Jennifer Teter says, "I was in my 5th Grade classroom on 9/11 thinking about my mom because it was her birthday." Courtney Hinebaugh says, "I was in my 6th grade classroom when I heard what happened."

Deer Jerky Anyone?

Hunting is not just one of Matt Corby's skills but is also his passion. "I enjoy getting out of school during deer season to hunt with my little brother Jakob," Matt stated.

Get Up and Dance!

Kira Farley has been competing in Sport Aerobics for six years. "It takes up a lot of my time," she stated, "but it doesn't matter because I love doing it."

I Believe I Can Fly...

Ryan Domenick certainly doesn't have a fear of heights. He takes flight lessons to fly small planes. Why is this talent so special? "Can you fly planes?" Ryan asks.

Special Talents and Skills

Stealing The Spotlight

"I really enjoyed being on court. It was a great honor to be chosen by the senior class," said Hana Smith.

"It was a thrilling experience that I got to share with my best friend Bruce Deal," said Sarah Stephens.

"Court was a lot of fun because I felt like a stud walking down the red carpet with Jade," said Seth Fike.

"I really liked being on court. I also liked the theme of the dance," said Eric Pike.

"It was an honor being crowned queen. I felt like royalty for the night. I'm glad Mike was king because that made it even better," said Erica Glotfelty.

"I loved the dance because I got to hang out with all my friends, and my date, Jessica, was awesome!" said Adrienne Yoder (below).

A Red Carpet Affair

A Showcase of Southern's Fall Best

Fall Homecoming was a night to remember. The fashionable dresses, the classy suits, and all of the decorations really made the dance a "Red Carpet Affair." Prior to the dance on Saturday, students enjoyed spirit week, showing their school spirit by participating in crazy day, hat day, twin day, pajama day, and red and white day. Spirit week led up to the Fall Homecoming game on Friday against Keyser and the big dance Saturday. It was a week we will be talkin' about forever.

Stroll In Like The Stars Do...

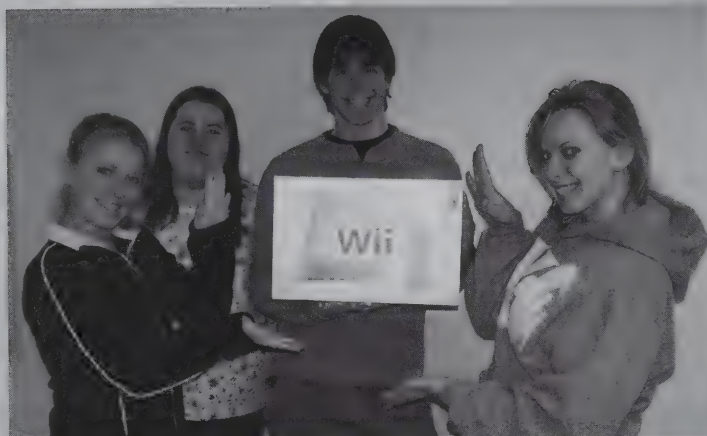

The dance was a memorable night for many students. Great music kept the school rockin' all night. Whether they were hanging out with friends or a significant other, everyone seemed to have a good time and will always remember their night on the red carpet.

It's For A Good Cause

Students Help Put The "Fun" In Fundraising

Students and staff have participated in a variety of fundraisers to help with school projects and pay for interesting student field trips this year. This year's efforts included a Nintendo Wii, a variety of raffles, candy sales, kiss a pig, school store sales, ad sales, prom preview, talent show and many more. Participating in these fundraising activities encouraged students to be active in their school, clubs and community. Keep up the good work!

The annual "kiss a pig" fundraiser is always memorable. The staff member who collects the most money has to kiss a pig (courtesy of Mr. Carrico)! This year's winner was Ms. Huggins. Proceeds go towards the Best Buddies program at Southern.

Jordan Ackerman and Erica Glotefelty entertain the audience by emceeing at the talent show. Steve Schrock helped the theater program by showing off his drumming skills at the talent show.

Throughout first semester, students could be found selling all varieties of candy. Pictured to the right is Nick Tressler and a box that he was selling.

The proceeds of the candy sale helped to pay for a trip to Seven Springs Ski Resort, organized by Mr. Freyman and the ski club.

Creative students used their talents in a week long talent show presentation. The show was organized by Mrs. White and the proceeds helped to fund upcoming plays for the theater program. Pictured above from left: Derek McDonnell, Rebeckah Rush, and Zach Harkins.

Prior to Southern's Prom, a Prom Preview was held with our own students modeling this year's fashions. That evening local businesses displayed dresses, tuxedos, and accessories for both guys and girls. Pictured from left are Southern students Jordan Schwinabart, Ben Warnick, and Karrina Beck, all modeling the latest prom fashion.

On October 14, Oakland celebrated the 39th annual Autumn Glory Festival. Despite the weather, Southern students celebrated autumn and all its glory... NOT! Students actually enjoyed celebrating two days free from reading, writing, and arithmetic to attend craft shows, the Fireman's Parade, turkey dinners, Oktoberfest, and the grand feature...the Autumn Glory Parade!

**Both students and teachers enjoyed watching and participating

A License for Freedom

Don't forget to look both ways and use your blinkers! Getting a driver's license is possibly one of the most exciting achievements for most students. Driving means no more cheesewagon and no more bothering parents for a ride. Of course, it also means more responsibility. Many students proudly take on this additional responsibility A.S.A.P.

They danced the night away, and even though there was no snow that evening, it sure did feel like winter in the cafeteria. Everyone felt like they really were "Walkin' in a Winter Wonderland."

Cuddle Up With The Ones You Care About

As the court danced in the middle of the dance floor, an unexpected shower of balloons fell from the ceiling.

It was a magical moment for everyone who attended.

Expressing Individuality Through Our Threads

In high school trends change as often as the weather. Each student abides by the trends or dresses by their own rules. Either way their individuality and personality shines through. So, in the name of fashion, express yourself!

Students Dressing for the Seasonal Styles

As seasons change, so do the styles that follow them. Students may choose to flaunt their furry boots in the winter or their skirts and shorts in the summer. No matter what the weather, students choose to wear the trends however they please to show their personalities and special style inventions.

Reaching above and beyond the usual trends, senior Will Biser (right) sports a spiky mohawk and sophomore John Martinez (below) shows off his unique style.

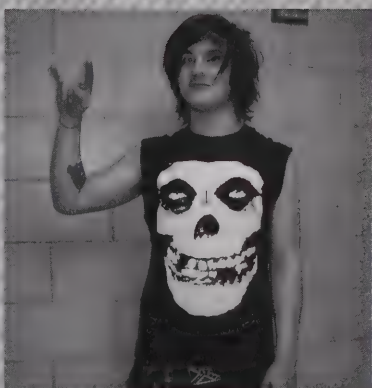

John Knox (below center) wears cosmetic contact lenses, and junior William Goldsborough (right) struts his stuff.

Daniel Wimer said his favorite holiday is the Fourth of July because, "the fireworks are loud and bright."

Gobble, Gobble, Gobble!

Beccie Reckart loves celebrating the holiday of Thanksgiving because "I LOVE FOOD."

Dress-Up, Fun, and Games

"I felt really adventurous on the bungee mechanism at after prom," said senior Sean McCreery.

"Wearing a dress at after prom made me feel really ridiculous," said senior James Mullenax.

"After prom was a great ending to my wonderful night at prom!" said senior Elizabeth Ray.

"Ryan Dewitt is an up-and-coming earring designer. He helped me make some fabulous earrings at after prom," said junior Courtney Gregory.

"This was my senior year at after prom and I'm glad that they picked this theme for me to have fun with all of my friends," said senior Ashley Davis.

Mikella Hershman and Sierra Wassell (below) smile in awe of the number of wanted criminals in their school.

Dan Stiles and Megan Viar play mixed up dress-up in their attempts to reinvent "chic".

Practicing activities of espionage, students slyly party their way through the night until the sun comes up. At after prom, students enjoy their last taste of a night that they will remember forever.

Celebration and Relaxation

Racing the Night Away...

Faith Stiles and Corey Reckart focus while driving the race car simulators included in the various activities available at after-prom.

Stretch and Bounce Back

Billy Woodward and Max Liller reach as far as they can on the bungee contraption.

The Fun Winds Down and the Night Comes to a Close

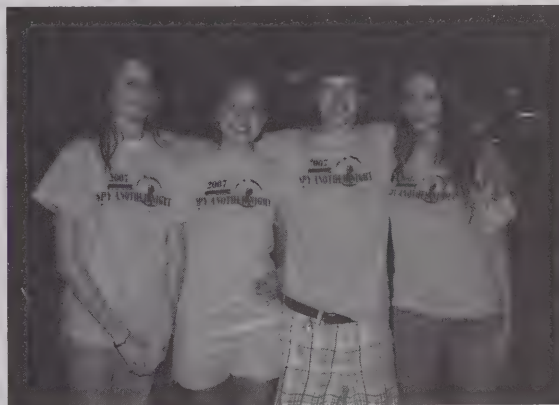

Sean McCreery takes a break from all the hubbub and rests comfortably on a makeshift bed with a friend.

Spy Another Night

This Year's After Prom Attendees Party in Suspicious Style

After the prom fairytale is done, the night is not yet over. In every student's Cinderella story, there is always a happy ending. When the clock strikes midnight, students trade in their ties and glass slippers for comfy clothes and crazy games to eat, slide, and bounce the night away.

Playing Their Cards the Southern High School Way

Utilizing many of the after prom activities, students slide, play at the casino, dance with balloons, dress up as James Bond, and sing along with the band. Other fun activities included ping pong, animal races, and jewelry and craft making. Students lived in another world until the night was over and it was time to return to everyday life.

Let's Talk About Love

Cupid Strikes Again!

Couples are showing the love at Southern this year! When asked, most couples loved how their significant other would make them laugh and that personality is one of the most important things when it comes to sticking it through and making a relationship work. Southern couples were seen in the halls, at dances, games, in the cafeteria laughing, holding hands, and spending time with the person who mattered the most to them. Those couples showed everyone how to have a lasting relationship.

"To love someone is nothing, to be loved by someone is something, but to be loved by the one you love is everything." -Anonymous

"Love is that condition in which the happiness of another person is essential to your own." -Robert Heinlein

Right: Erik Cussins and Marnie Rohrbaugh. They have been together for over a year. "His personality and good sense of humor is his best quality," Marnie said.

Below: Brittney Scheffel and Jon Ross, have been together for 11 months. "I met him in middle school when he moved here in seventh grade," says Brittney.

Above left: Alyna Raynovich and Jeremy Sharpless. Jeremy says, "She doesn't have just one best quality, she is awesome in every way!" Above middle: Brittney Harvey and Mike Edwards, have been going out for 3 months now. Brittney says, "We met at Broadford Park during the 4th of July."

"Love is blind only to the eyes. The heart sees everything clearly." --Unknown

Ethan Chorpennig and Joanna Guy have been together for 8 months. "Her best quality is her sense of humor and her way of putting up with me," Ethan said.

Marlena Kelly and Devin Glotfelty like to have candle lit dinners. Devin likes to make french toast sticks and chocolate milk for Marlena.

Bryan Hutton and Jessica Warnick have been together for almost a year. They like to go to the movies and the mall together.

Love Is In The Air...

Brittany Slagle and Bobby Morgan met while working together at Swallow Falls State Park. "We like to go to the movies, go out and eat, or just sit at the house and watch T.V.," says Brittany.

Cassie Murphy and Michael Varner have been together for 4 months. Michael says "We met each other in 1st period. She was the teacher's aide and I was just one of the students."

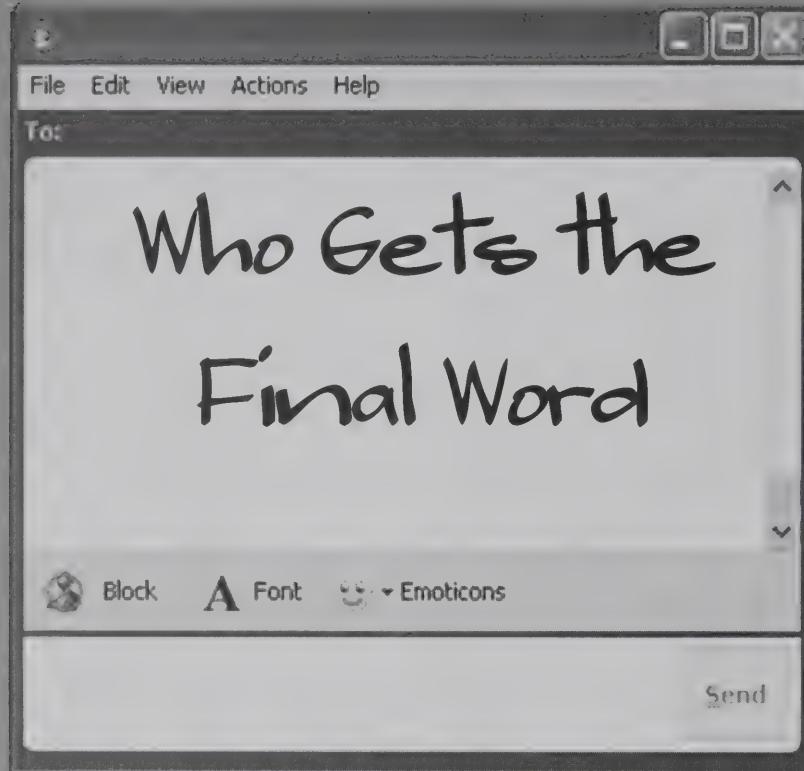

Together for over 6 months, Vince Harman and Kellie Shotwell spend a lot of time together. "We snowboard, ski, hang out at her house or mine, go bowling, and sometimes even bake," said Vince.

Shayna Sweitzer and her boyfriend of more than a year, Cody Colaw. "We love to spend time together doing things like playing Guess Who and watching movies. When we get bored we also like to play Dance Dance Revolution and color pictures," says Shayna.

Karrina Beck and her boyfriend of a year and 10 months, Jeff Michaels. "I like to just hang out and watch movies, share a lot of laughs and play board games. We even bake together sometimes," says Karrina.

Seniors

Countless hours of homework and endless memories with friends are how many seniors at Southern would describe their high school experience. As seniors take the next step in their lives, they look back and remember all the fun times they had in and outside of school. Not only do seniors have graduation and prom to talk about, they have the last four years of high school to remember. As many will move on and open a new chapter in their lives, they will hold the memories they made at Southern forever.

Midnight Fantasy

Prom has always been a night to remember and this year was no different. Midnight Fantasy, the 2007 theme, was a night full of chaos, laughter, dancing and socializing with friends and classmates. Boys in their tuxes and girls in their gowns, this year's prom was filled with mixed emotions. For many students, this will be their last dance while others look forward to next year's big night. High school days were winding down and seniors high school days were almost over. Nonetheless, memories of prom will last forever and will give many students something else to talk about.

Melissa Stewart, Jennifer Nugent, Susanna Pannell and Bethany Jones (above) get together for a friendly photo, so they can capture memories of their senior prom. Bethany Jones says, "Taking pictures of all my friends and dressing up was the most enjoyable thing about prom for me."

"I went to the prom meetings in order to discuss what the event would be like. When walking into the Elks I realized that all the ideas came together and it was beautiful," stated Tabitha Ringer (below).

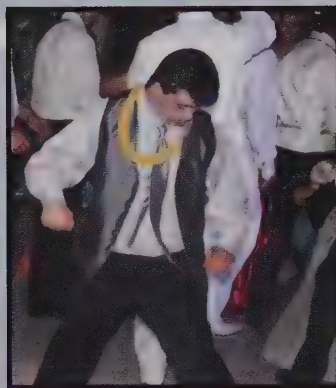

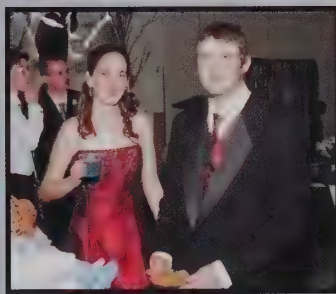

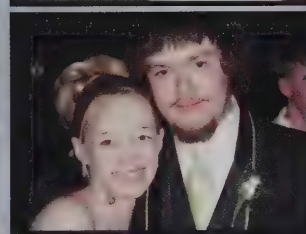

Trista Aronhalt (above) states, "I enjoyed being at prom with my boyfriend, Nathan Friend. We had a lot of fun going out to eat before the dance, as well as sharing time together on the dance floor."

Carissa Lewis (right) quotes, "I enjoyed dancing and the good music at prom. The decorations were great, and I had a lot of fun."

Prom Royalty

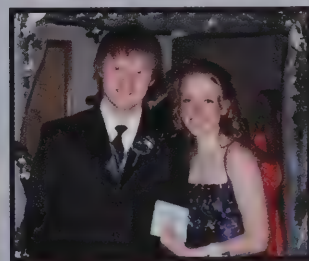

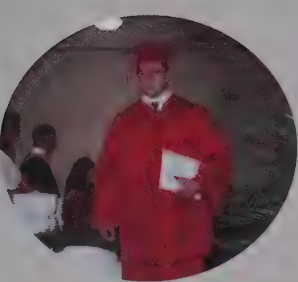

Sarah Stephens, Erica Glotfelty, Meghan Flinn, Adrienne Yoder, and Amanda Perry were chosen to represent the senior class. Their escorts were Justin Ratliff, Seth Fike, Timothy Reams, Ryan Dewitt, and Adam VanBogelen.

Jimmy Sharpless and Amy Edwards (below) join the crowd, smiling at the camera. Jimmy quotes, "I enjoyed spending time with my date, Amy. She made my senior prom very memorable."

Jessica Stotemyer and Bryan Sisler (below) share a dance that will leave memories imprinted in their minds forever. Jessica states, "I enjoyed getting ready and looking beautiful for my senior prom."

"Special times and special places, special friends together; the moments pass so quickly, but the memories last forever!"

FINALLY... Graduates celebrate on graduation day. After receiving their diplomas and Mr. Woods pronouncing them "graduates" of Southern High School, students throw up their hats with pride and joy and in celebration of their accomplishments.

Congratulations Southern High School Class of 2007! You made it! After 13 years of hard work and dedication the day was finally here. At 1pm on Sunday, June 3, 2007 the senior class of Southern High School said their goodbyes to the school, staff and friends. The day was filled with all emotions as students were recognized for their achievements. This was a day everyone was looking forward to....the end of one chapter and the beginning of another. Best of luck class of 2007.

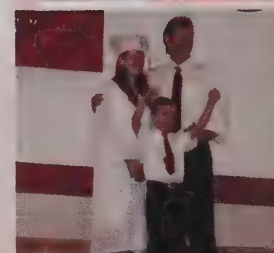

Laura Megan Viar:

Megan Viar said, "It was an honor to be class of 2007 valedictorian and I really liked giving a speech in front of my classmates!"

Meghan Elizabeth Flinn:

"Graduation was exactly how I thought it would be. I enjoyed watching my friends and classmates get their diplomas," stated Meghan Flinn.

Above, Erica Glotfelty makes her welcoming speech. Erica said, "I really enjoyed being the senior class president. I didn't mind giving my speech, but all I wanted to do was get it over with. I wish all my classmates good luck and I hope all of you find great success in your future!"

Dear Southern Garrett High School Graduates,

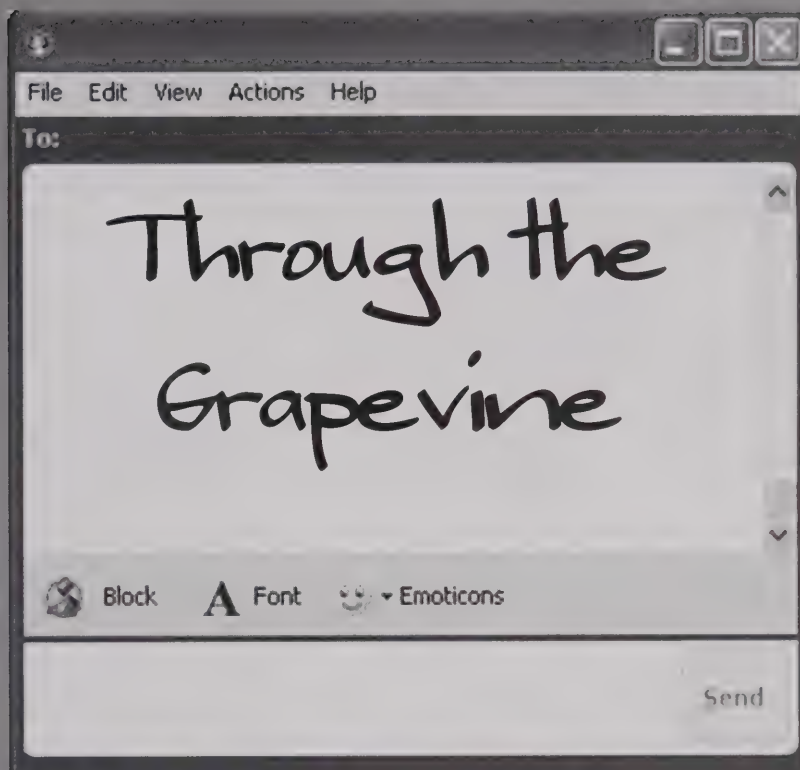

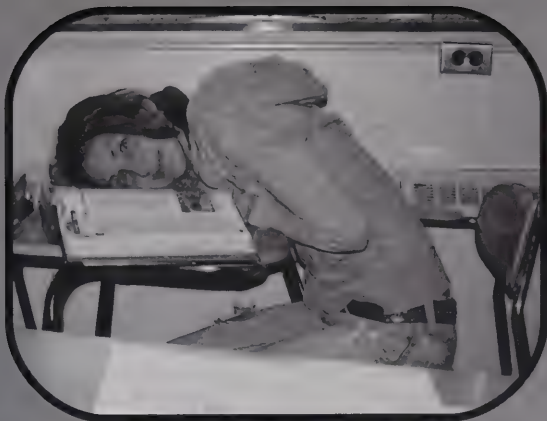

Congratulations! By the time that you have the opportunity to read this greeting, I have pronounced you as a high school graduate. Thirteen years of hard work and perseverance has paid dividends that will last for a lifetime. As a member of the fifty-fifth graduating class you have become a member of a group of students that join thousands of other alumni. It seems like only yesterday that you started your kindergarten years at one of the county's elementary schools with little hope of more than getting back home to mom and dad!

During your four years at SGHS you have had the opportunity to explore many avenues of learning. Education abounds for practically every interest. Many of you will immediately embark on careers that will draw upon your talents honed in one of the career technology areas. Others of you will pursue your lifelong goals at an institution of higher learning. Some of this year's graduates will elect to serve our country protecting each of us from the hurt that seems to fill our world. Regardless of what the next year brings, you can take solace in the fact that you have been prepared by the most caring, energetic, intelligent, and dedicated instructors that any high school could hope to employ.

The memories of high school will fade in a short time, but the events of this period of our lives together will always shape who we have become. A state championship in girls' basketball and runner-up prizes in volleyball and wrestling will always be cherished athletic moments. The awards garnered by numerous students in practically every endeavor will set the class apart from others that were perhaps not as successful. Acronyms like; NCLB, HSA, AMO, CLG, AYP, and others were echoed throughout the halls and classrooms by teachers and administrators reminding each of you that we are in an era of high stakes testing. Fortunately for each of us, you responded with diligence and pride.

Cherish this day of great joy. It is the culmination of one of life's most important journeys. Few events in your life will compare to the swelling of pride that you feel when walking across the stage with diploma in hand. Every family member has played a part in your success and overflows with emotion. Each of us leaves the world someday as a better or worse place depending on our actions. As your principal for four years, I can honestly say the class of 2007 has made Southern Garrett High School --- **a better place!**

Academics and Activities

It's time to hit the books! Every student has to sacrifice some fun to focus on their studies. The Fine Arts program was upgraded this year with new teachers, a new choir program was implemented and the First Annual Big Time Talent Show was held. Frau Doyle and Mr. Bender created the first German exchange with friends from Bielefeld, Germany. The business department won the stock market game and FBLA won numerous state awards. Freshman finally got a chance to be part of a club during mini-period instead of a year-long freshman seminar. These changes at Southern were certainly the talk around town.

Reveal The Artist In You

Students Express Their Creativity Every Day

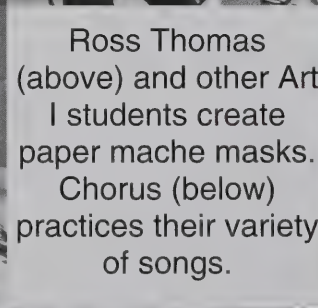

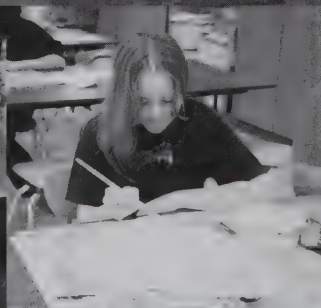

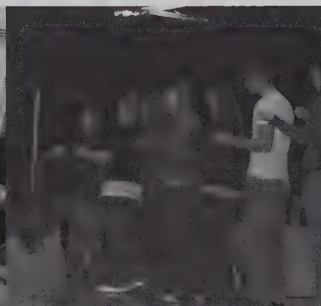

Whether they are doing it just for fun or to start them on their path to fame, students in fine arts classes choose to put their creative genius to good use. They may be singing, painting, or acting, but these students dare to dream no matter what they are creating. Whatever these artists are working on, it is always a pure masterpiece as soon as it is unveiled.

Paint With All The Colors Of The Rainbow...

Steve Schrock (below) works on the pottery wheel with help from Mrs. Barnes.

Portraying their Japanese characters, Karrina Beck, Ian Macy, and Megan Bauman (right) perform in the play "Teahouse of the August Moon."

"It's just fun being able to express different types of music by not only singing, but dancing," said sophomore Trista Aronhall.

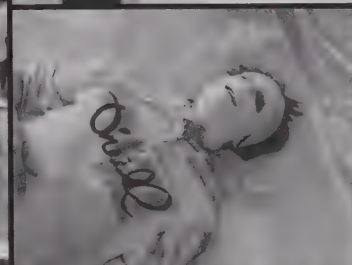

"My favorite part of theater is being able to use my body, mind, and speech to become a new person," said senior Dan Stiles.

"My inspiration is Mrs. Beachy! She is an amazing singer and she is great at teaching," said freshman Marcella Martinez.

"All of the art field trips are memorable, especially when we had the staff of Golden Corral sing 'Happy Birthday' to Mrs. Pratt," said senior Megan Vlar.

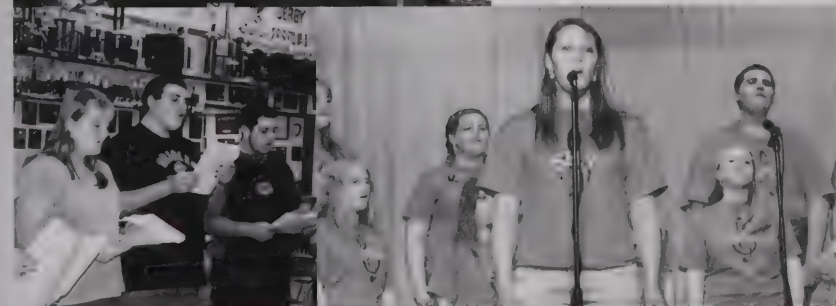

Raise Your Voice

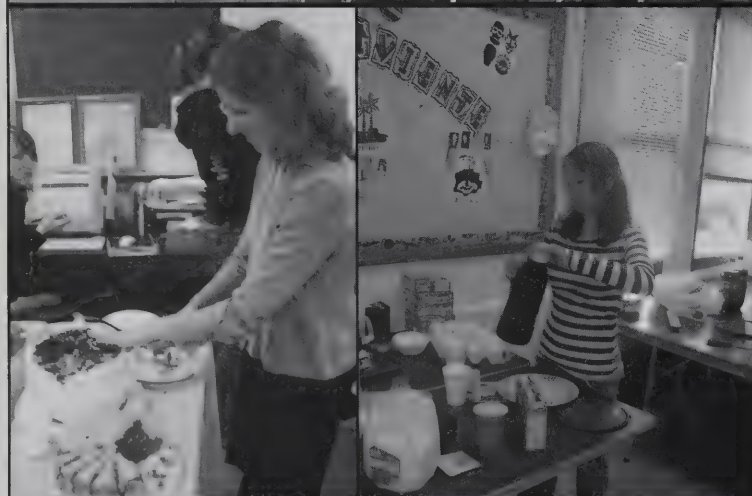

Chorus and Show Choir students show off their singing skills during all holidays and seasons.

Mrs. Beachy (left) introduces many students to the world of music.

Theatre I students (top) assist each other in creating and painting paper mache masks for their masked mime projects. Theatre II students rehearse for their play, "The Pirates of Penzance," and Matt Steyer and Joanna Guy perform in the play, "The School for Scandal". Theater I students also practice Japanese Kabuki theater using costumes, makeup, and accents fit for performance.

The three foreign language classes from Southern, including German, French, and Spanish, take a break from their everyday studies and have a celebration of the language. Courtney Gregory stated, "Fiestas son muy divertido, which means parties are a lot of fun!"

Morgan Anderson poses with her shadow box. Morgan stated, "I did my shadow box on anorexia. I believe that anorexia is bad and that people should not be anorexic."

Jacob Gnegy, with his shadow box, stated "My shadow box represents me. It includes sports, music and Virginia Tech. Virginia Tech is the college I would like to attend when I graduate [high school]."

Stephanie Dixon presents her shadow box to her English class. "This project represents my life in a box. I like Mrs. Spiker as my English teacher because she is really nice."

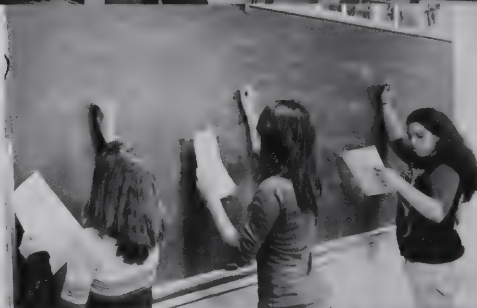

Krista Hollingsworth presents her views on political matters through a shadow box. Krista states, "I really enjoyed this project because I got to express my thoughts and opinions on the difference between gay and straight marriages."

Language forces us to perceive the world as man presents it to us. -Julia Penelope

Brittany Perron's (above) most memorable experience in French class was "singing songs, like 'Old McDonald' in French."

Kelsie Umbel (left) stated "I learned how to say 'Je suis folle' in french. It means 'I am crazy!'"

We Say Hello, You say...

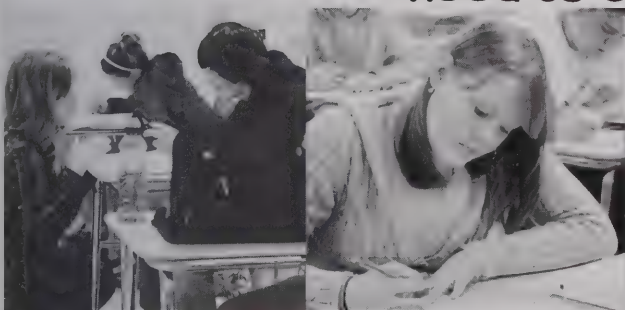

Bonjour Monsieur, Hola Senorita, Hallo Frau.

Language classes give students a better understanding of different cultures, including those cultures inside and outside the United States. At Southern, students can choose to study French, Spanish or German. In those classes, students study the language and lives of people in a different society other than their own. This year Southern hosted a German Foreign Exchange. Students from Germany came over during the school year and stayed with host families. They attended school and social events with their host students. In June selected students from Southern will visit Germany. Another important language students study at Southern is English. In English, students are able to learn more about their own culture and continue to develop their grammar and writing skills. For those interested in writing, students can choose to take Newspaper or Yearbook and have their writing published in school publications.

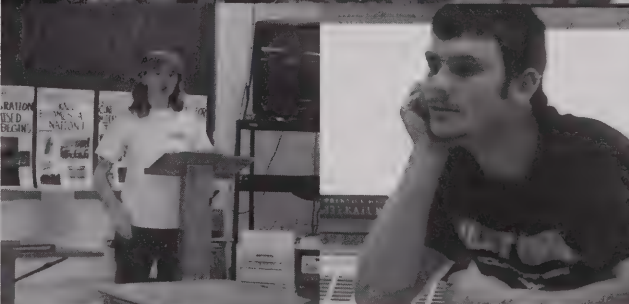

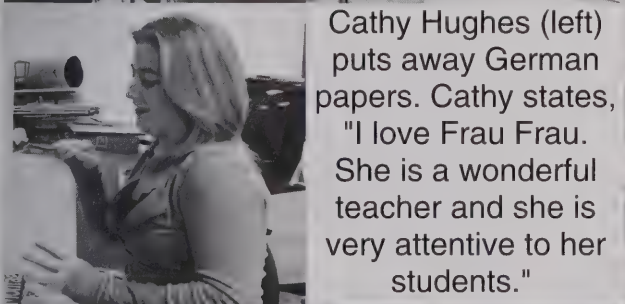

I personally believe we developed language because of our deep inner need to complain. -Jane Wagner

Cathy Hughes (left) puts away German papers. Cathy states, "I love Frau Frau. She is a wonderful teacher and she is very attentive to her students."

Brison Harvey (left) presents his video for an English project. Brison states, "I enjoy English class because it allows me to be creative and I like doing research."

Matt Jordan (left) took German as his foreign language. "My favorite thing about German is everything! The language is very intriguing!"

Publishing Students Report The News!

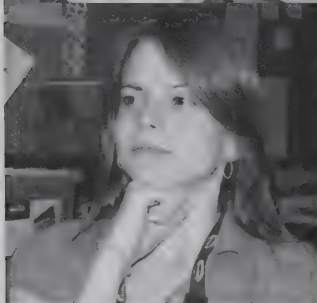

Newspaper, yearbook and web design students get the word out to students, staff, and the community about what is happening inside Southern walls! Web Design students work diligently on keeping the school's website up-to-date with student news and achievements. The Highlander yearbook staff worked all year and some of the summer with new advisor, Ms. Zumpano, to put together this year's "memory book." Newspaper students created and published another year of spectacular *Acorn* newspapers reporting the latest news and covering student interests and successes. This year's publishing staffs have given Southern students something to talk about.

Dustin Flynn works diligently in Web Design "My goal in Web Design was to learn more about Macromedia Flash," says Dustin.

Alayna Gaither and Vivian Geroski brainstorm for the cover of the yearbook. Alayna says, "It was fun getting to see everyone's zany ideas!"

Alysha Friend is concentrating hard on one of her yearbook pages, Student Cars. "It was frustrating when I found out it was changed to double page spread."

Cassie Murphy - Editor (Newspaper)
 "To have a leadership position in newspaper you have to respect people, have them respect you, and get along with Mrs. Savage!"

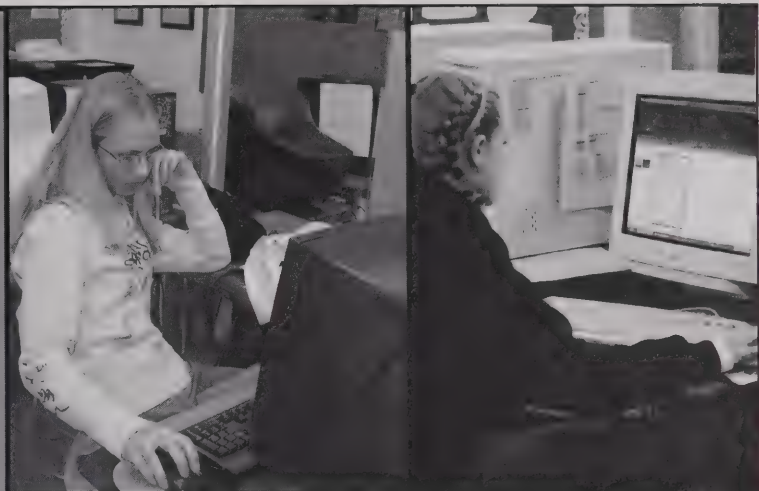

Stephanie Weaver - Copy-Editor (Newspaper)
 "I liked editing the articles and telling people what to write."

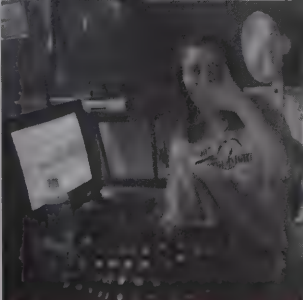

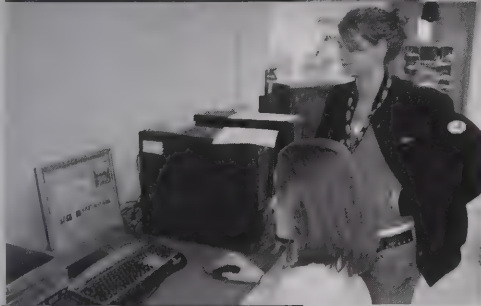

Samantha Cummings Business Manager" (Yearbook-2nd Semester)
 "I hated the days when something went wrong with the yearbook website and we couldn't do our pages."

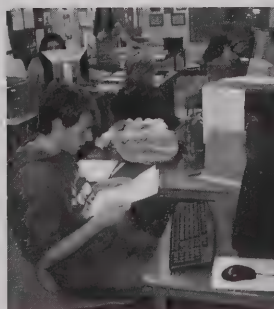

Amanda Perry - Editor (Yearbook)
 "My least favorite part of being editor was everyone complaining to me when something went wrong."

Chemistry Is The Bond Of Science And Math

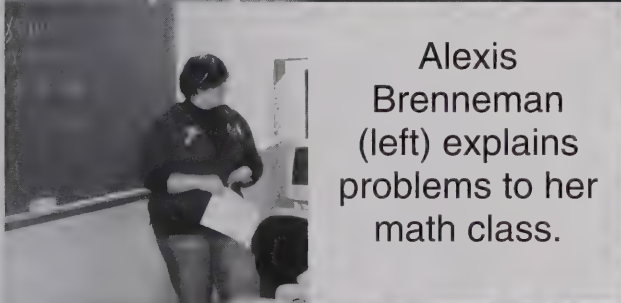

Math Is A Chemical Of Science

Southern science and math students have worked all year solving problems and conducting experiments, creating science fair projects and preparing for math and Envirothon competitions. Most students agreed that having hands-on lab experiences and demonstrations was the best thing in science class. The math competition was mentioned as the favorite thing for those loving the world of math.

A Blast Through the Past

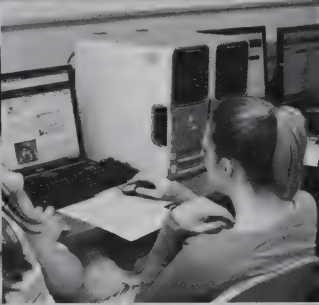

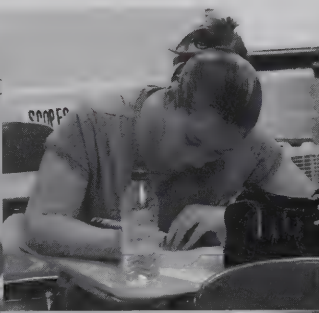

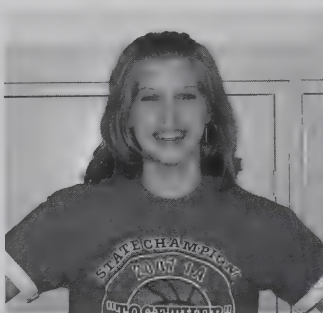

And a Step Into The Future

Students at Southern are venturing back to the past and preparing for the future. From studying the government of foreign countries, famous people and presidents, to participating in trials and debates, students show they know the past and are ready to take on the future. Students interested in government, law, and history put their knowledge to work by participating in Model United Nations and Mock Trial.

The JROTC program helps students gain and improve their leadership skills, build character, develop team work and learn about the rights and responsibilities of American citizenship. JROTC students participated in activities outside the classroom also. Students participate in physical activities such as rock climbing, rappelling, drill meets and obstacles course camps. Many students take JROTC to "help them become better people."

Kalendra Friend, a sophomore, stated, "I have gone through Let 1 and Let 2 in the JROTC program this year and I will be taking JROTC next year!" Kellie also said that joining the military is a possibility for her.

Dallas Bittinger, a sophomore, said that JROTC taught him how to be a better leader and he enjoyed drill and physical training the most.

Desire, Discipline, and Dedication

Students Build the Bridge Between Goals and Accomplishments

Health, physical education, and weight training help students become more physically and mentally fit! Southern students set goals to become physically fit and healthy. The health and PE classes help students meet these goals. Knowledge of the 3 D's: Desire, Discipline, and Dedication is often heard to help students bring out the best in themselves and their peers.

"I'll be up in the gym just working on my fitness..."-Fergie

Courtney Gregory plans on taking weight training again because she says, "I like lifting weights and joking around with Coach Gregg."

Adam VanBogelen says he enjoys lifting weights but dislikes the agilities. However, it keeps him in shape for the sports he plays.

Brian Schreck says he really enjoys being in the physical education class. His favorite part of the class is playing volleyball.

Preparing for the Future

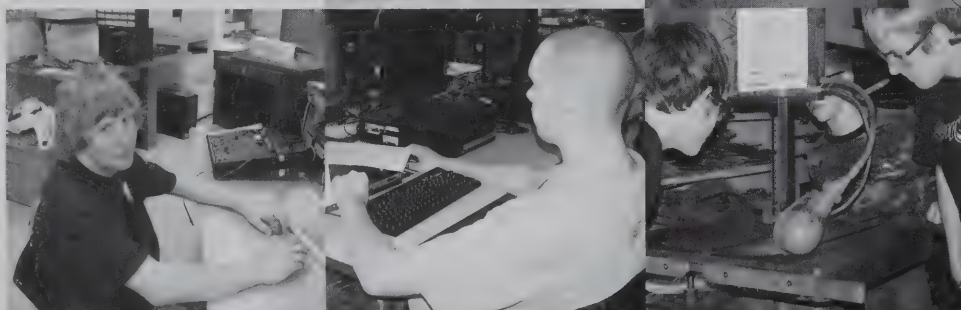

"I know the price of success: dedication, hard work, and an unremitting devotion to the things you want to see happen." -Frank Lloyd Wright

Each class at Southern is meant to prepare students for the lives they will lead after high school. Among these classes are those aimed for more specific careers. Career and Technology Education (CTE) courses do just that....prepare students for a specific career. CTE students at Southern establish a foundation for their career and obtain valuable skills for the future.

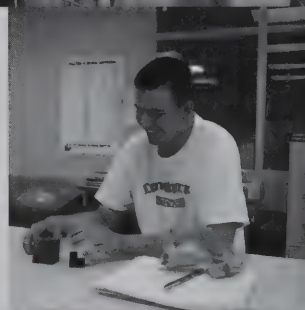

"Don't waste life in doubts and fears; spend yourself on the work before you, well assured that the right performance of this hour's duties will be the best preparation for the hours and ages that will follow it." -Ralph Waldo Emerson

When asked what project was his favorite, Mark Bittinger said, "Any project is my favorite because I know I made it and achieved a goal!"

When asked why he took masonry, Jeff Paugh (left) said, "To gain another outlook on things I can do when I graduate."

"Just about every job you do you have to work with electronics," said Joel Rush.

"I long to accomplish great and noble tasks, but it is my chief duty to accomplish humble tasks as though they were great and noble. The world is moved along, not only by the mighty shoves of its heroes, but also by the aggregate of the tiny pushes of each honest worker."

We Are The Stars Of The Future

Our goal in high school is to prepare and work towards our future careers. Whether we plan to become doctors, business owners, chefs, teachers, or celebrities there is a class at Southern that will take us there. Southern students have a variety of CTE programs in which they can enroll. All of which establish a foundation for their career and obtain valuable skills for their future.

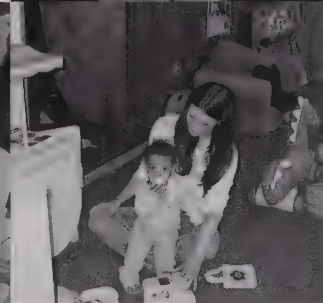

Preparation For The Road Ahead, A.K.A. "The Real World"

"In FFA there are a lot of competitions which will help me in the future," said Brittany Green (left). "Competition is a fun way to learn, especially when you win a prize."

"My favorite part of Allied Health is learning something new and gross because we all seem to giggle and laugh," said Amberly Lewis (left).

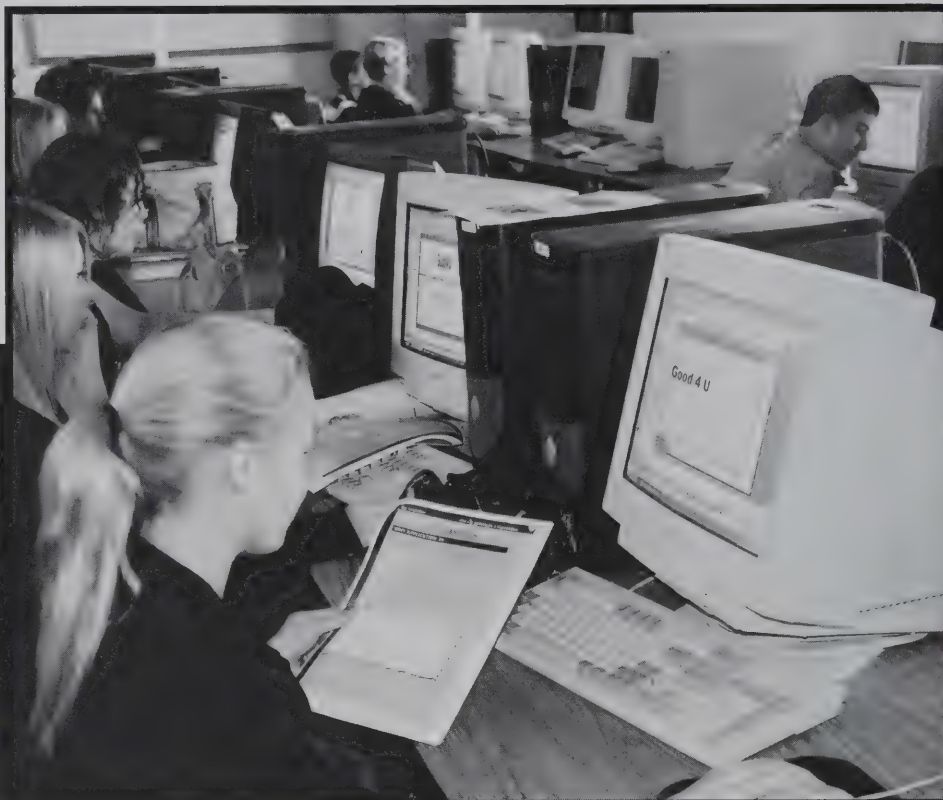

Katie Oliverio (above) said that she was inspired to take child care because "being around children energizes you and they can also teach you a lot."

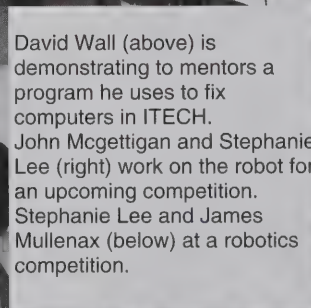

Windows To The Future Just A Click Away

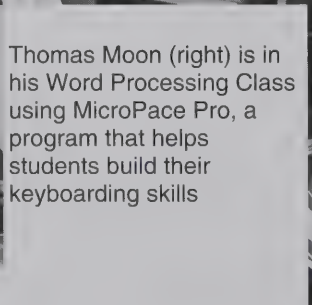

Many students participate in the technology and business classes at Southern; but, they do not realize how essential the skills they are learning will be in the future. Business students this year have learned a lot about the Stock Market, how to market a product, manage their finances, and how to use various software programs for their business. Numerous awards were won by department students in the Stock Market Game and FBLA competition. Southern technology classes are providing students with skills to open doors to the future.

The department went for three days and saw a variety of attractions including the NASDAQ opening bell, Statue of Liberty and Ellis Island, Sony Wonder Technology Lab, Macy's Department Store Tour, and also a Broadway Show. Garner states that his favorite activity was visiting the Opening Bell of the Nasdaq.

"Business Law was an interesting class. I took it in order to figure out what my rights are as a citizen. Mrs. Wilson took situations outside of the classroom and put them into effect. My favorite activity was when we got to act out a case in which someone got sued," stated Sara Harvey.

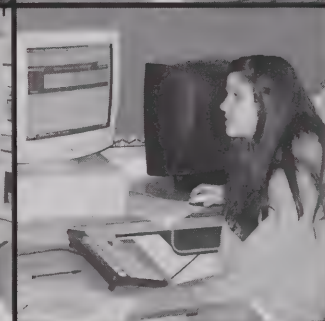

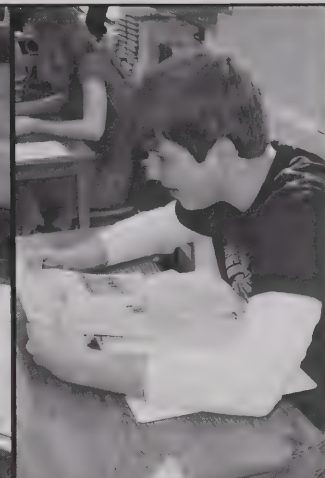

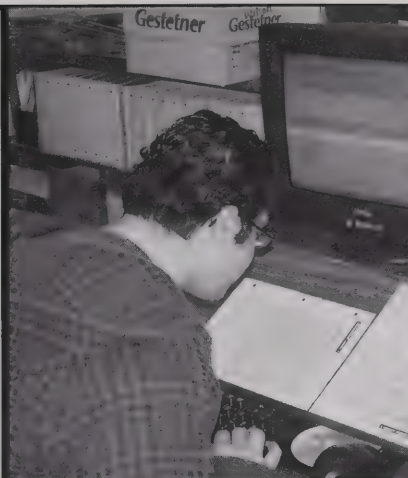

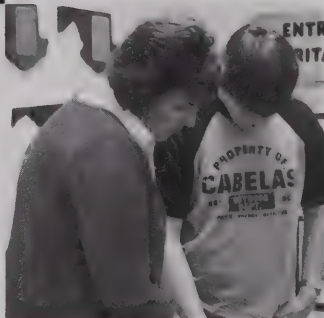

This year was Nick Crabtree's first year in FBLA. He placed first in the State Competition and has high hopes for the National Competition. Nick states, "FBLA is the most fun I have ever had. It was a great experience. I look forward to going to Nationals with Andrew Sauder and hopefully placing first there as well."

"The skills that I have learned in the business classrooms will allow me to deal with everyday situations better," stated Amy Davis.

Nick Crabtree, Rose Jackson, Hannah Gnegy, and Andrew Sauder placed first in the FBLA State competition. Gnegy and Jackson won first in multimedia presentation, while Sauder and Crabtree brought home first in Website Development.

Steering Towards The Future

SHS Students Gain Skills for the Future

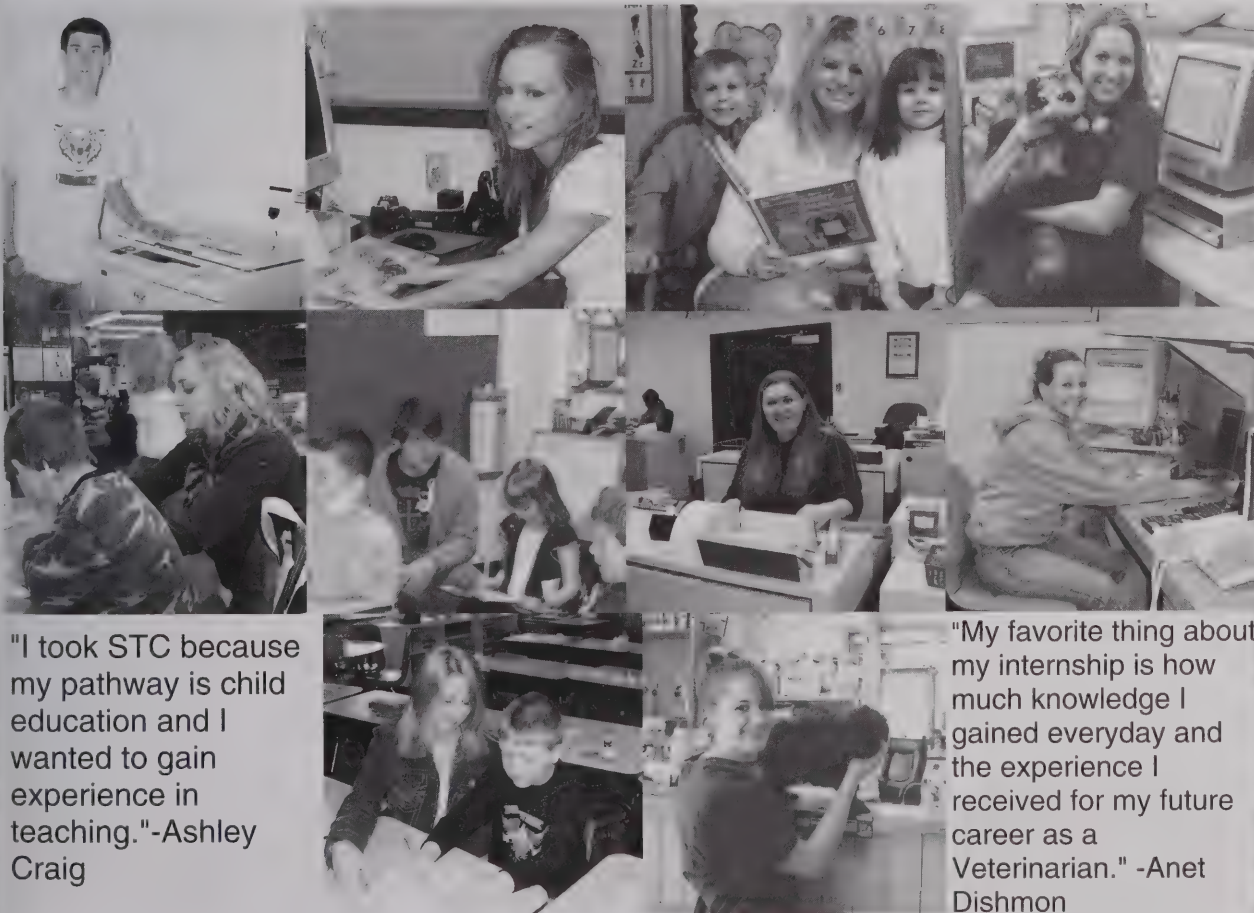

The school year is coming to an end. For many of us it is time to face reality; time to go out and experience life after high school. Some students will follow the path their School-to-Careers internship and other will find another path. Either way STC students gained valuable experience that prepared them for their future.

The one class all students want in high school is driver's education. This year the DE program had two new instructors who did a wonderful job teaching students how to stay safe driving. Mr. Troublefield and Mr. Lyons taught students in and out of the classroom the rules of the road.

STC Students Gain Life Long Skills

"I learned a lot of things; like taking animal's blood, giving vaccinations, assisting in surgery, and much more."- Melinda Smith

"I took STC because my pathway is child education and I wanted to gain experience in teaching."-Ashley Craig

"My favorite thing about my internship is how much knowledge I gained everyday and the experience I received for my future career as a Veterinarian." -Anet Dishmon

Music To Our Ears

The Band Plays It Loud and Proud

Whether it is marching, concert or stage the Southern band program had an awesome year. Band and color guard students spent countless hours practicing and perfecting their routines and musical selections. Whether it was on the field, in the stands or on the stage, band students gave us wonderful music to enjoy.

The Band Goes Marching One By One

"The pride of winning a competition [is what I enjoy most about band]."
-Jeff Rush

"The experience of working together and having fun is what I enjoy most about band."
-Philip Adams

"I love the way the band is like a family...they are always there to celebrate with you or to console you."
-Tiffany Bernard

Elizabeth Kutchman's favorite band program is marching band. "What I enjoy most about band is how it brings everyone together. You basically live with the band. They become your family," said Elizabeth.

"I like marching band because it lets you enjoy playing music, but at the same time traveling, competing, and just having fun," said Philip Adams.

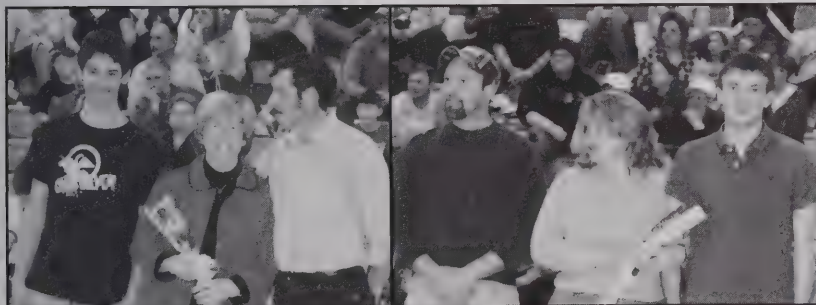

"The one experience with the band I will never forget is the feeling of winning states and coming back to the school with a police escort and doing school cheers and just partying all the way home," said Drum Major Tiffany Bernard.

Sarah Frederick says, "My most memorable experiences are probably band camp, winning chapters, and the Scranton trip."

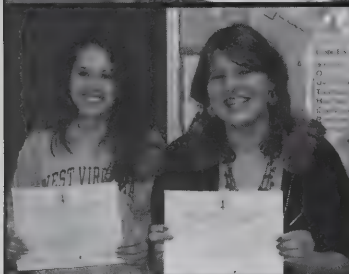

One Last Song

This year's band was composed of many seniors, including Brian Georg (top left), David Wall (top right), Elizabeth Kutchman (left), Jackie Skeweris (bottom left), and Timothy Hall (bottom right) who will be missed.

"I have a lot of great memories from being in band. Sledding down the hill on drumheads was always fun, and then there's always 'that one time at band camp'," said junior Jeremy Ash, shown above left playing the baritone saxophone.

Student Council students are Southern's leaders. They are the voice of all students. This year Student Council organized blood drives, dances and worked with the administration on several issues brought up by their peers.

"I do feel like it is a reward [to be in National Honor Society] especially since there are only a limited number of kids in it. Knowing that I have done well in order to get into the NHS is great!" said Stephanie Gordon.

Jordan Ackerman, Student Council chaplain says, "The ability to help be a part of the advancement of our school is the most rewarding part of Student Council."

"My favorite part of being in Student Council is helping others. I like to feel as if I am making a difference and giving back," said student council secretary, Julie Swerbinsky.

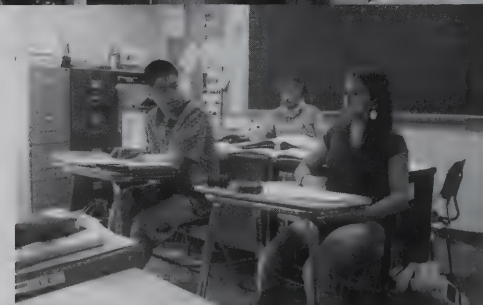

"I believe it is a great reward to be in National Honor Society. I feel honored to be recognized for my academic activities," said Hannah Gnegy.

Get Down to Business

"I chose to run for student council because I liked to be a part of some things the school does and decisions it makes," said Kaitlyn Swift (above).

"The purpose of National Honor Society is to reward students who work hard throughout the year," said Adrienne Yoder.

Tomorrow's Leaders

You Make A Life By What You Give

Southern students find ways to make a difference in the lives of their classmates. There are a variety of ways for students to serve as leaders and help others. Those students signed up to be a Peer Counselor and/or a Best Buddy. Peer Counselors helped their classmates with problems and dilemmas. Large or small, they did their best to help their peers who were in sticky situations. Best Buddies students spent time with their buddy during mini period and on field trips. Activities included games, baking, creating crafts, going to the movies. Best Buddies created bonds that will last a lifetime.

"Unless someone like you cares a whole awful lot, nothing is going to get better. It's not." -Dr. Suess

"Peer counseling is very important because it teaches students that they can solve problems without violence," said junior Alicia Tasker (below).

"I love people!" Said junior Hannah Davis. "I like that a lot of students look up to me and ask me for help because I'm a peer counselor."

Shawn deal says that "seeing the buddies laughing and smiling is the most rewarding thing about Best Buddies program. They are all so fun!" (right)

Do You Need A Break?

Mini-Periods Save The Day!

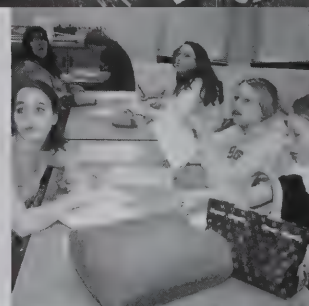

Let's face it, we need a break from our long day attending academic classes! Again this year, each week [Tuesday through Thursday] students attended a mini period. Unlike our required classes, students chose which activity or study hall they wanted. Some students took the time to brush up on their math, English or science while others joined an extra curricular activity like band or a club. Either way students had the opportunity to break away from the day to day routine of reading, writing, and academics.

Sophomore,
Jessica Hebb's
favorite part of Spirit
Club mini-period is
"just having fun and
making signs."
(below)

Junior Sandy Nice
commented, "[I
choose my mini-
period] to work on
class projects and to
have more
experience in
machine tool."

Some students joined
clubs relating to their
career choices. Clubs
like FBLA, FFA, Skills
USA are mini periods in
which students can
spend extra time on a
subject they enjoy.

Freshman Lora Ashby took a study hall for her mini-period and she said, "I do homework and talk to Ms. Huggins about interesting things."

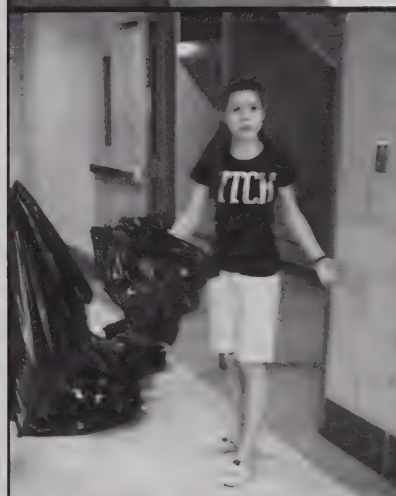

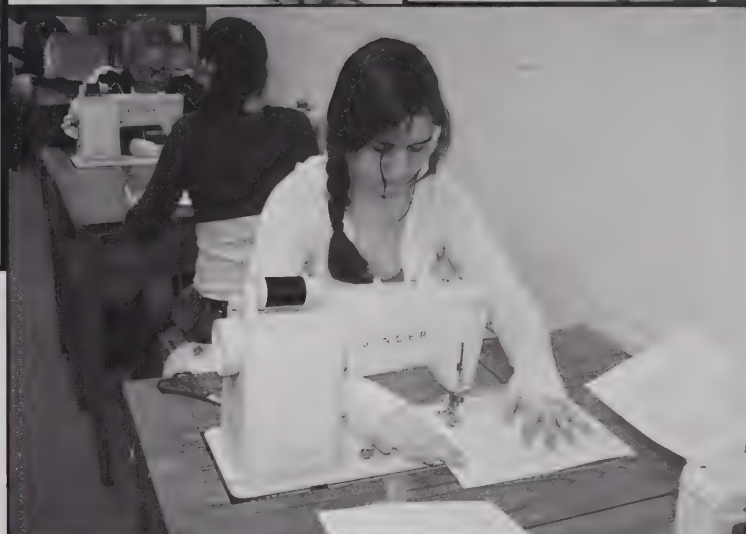

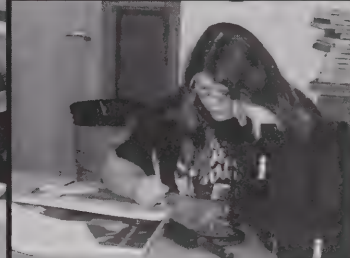

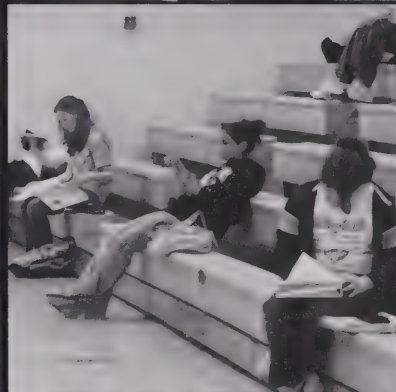

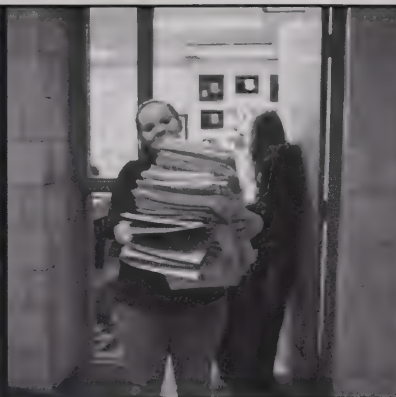

"Having Mrs. Zumpano as a teacher, and giving Nick Crabtree a prank gift during secret santa," was junior Tabitha Ringer's favorite part of mini-period.

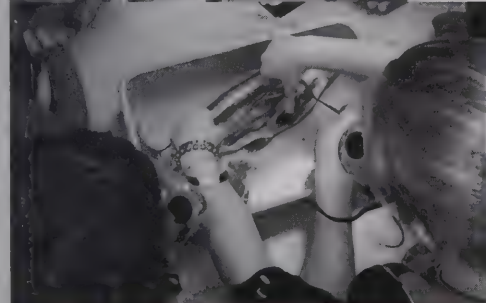

"We planned our trip to Germany and learned German for the exchange in the Travels To Germany mini-period," states sophomore Jennifer Cosner.

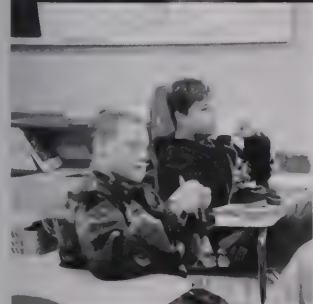

Sophomore Nathaniel Flaley had Mr. Powers for mini-period and his favorite thing about his time there was not having to do any homework and watching the cool demonstration Mr. Powers did.

"All for fun, and fun for all!" -Anonymous

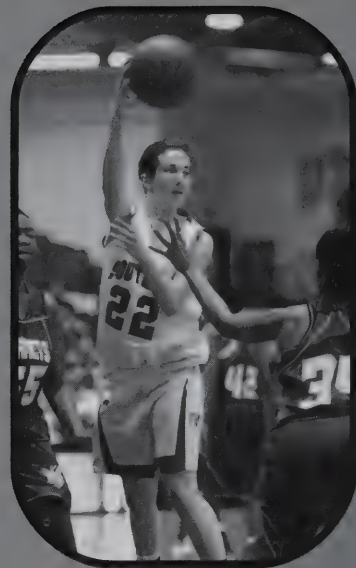

Sophomore Adam Fitzwater chose to take ski club for mini-period first semester. "I chose this because I enjoy skiing and I ski all of the time."

Tasha Stemple (right) states, "I helped Frau last semester so I decided to help with her trip to Germany, although I'm not going."

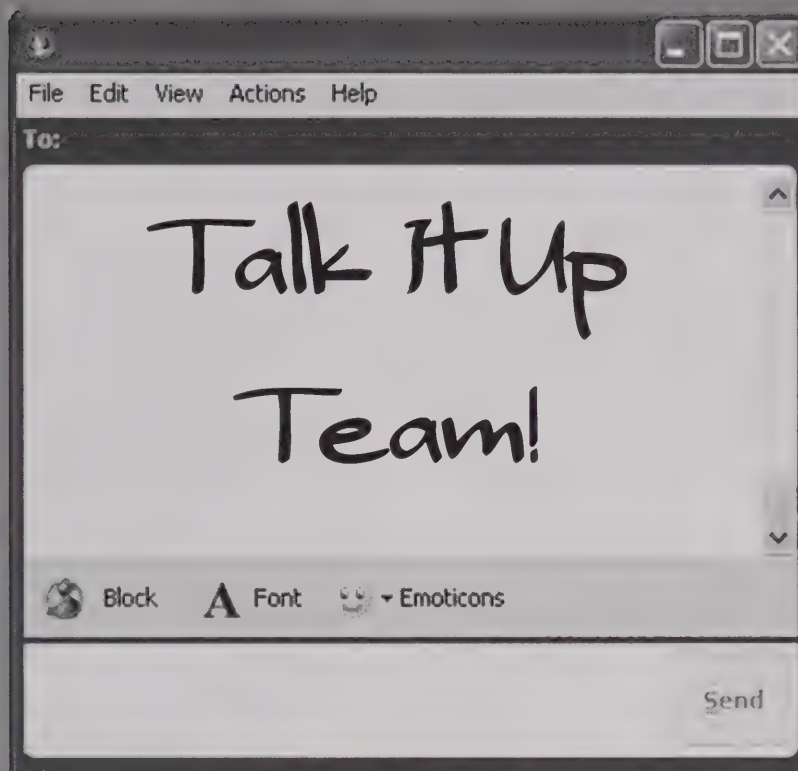

"The more fun you have, the greater your value to yourself and to your society. The more fun you share with others, the more fun you have."

Sports

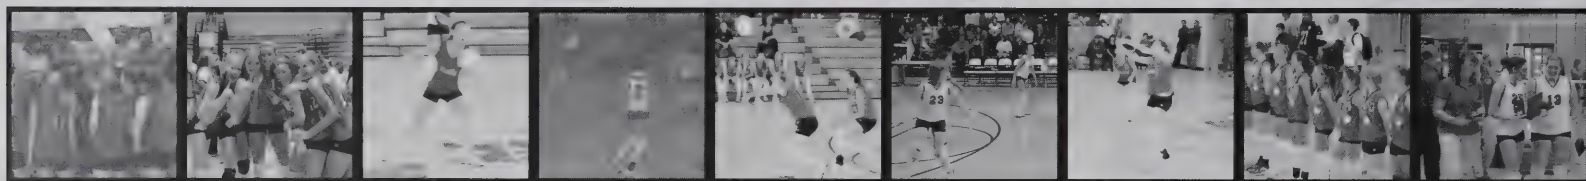

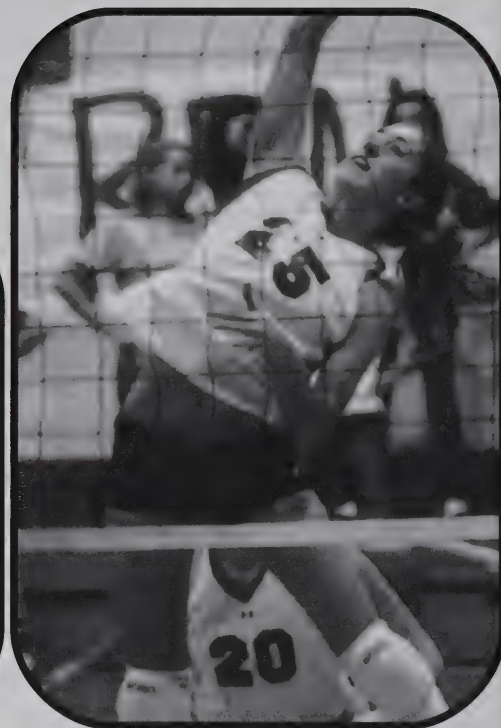

The 2006-2007 sports teams at Southern definitely gave the school and community much to talk about. Whether it was the girls basketball state championship, the first indoor track team, or volleyball state runners-up, there was never a dull moment for the Southern Rams and their sports fans. Wrestling finished their season as team runners-up in the state and Southern received their first freshman state wrestler, Brutus Scheffel. Many different teams this year showed Southern and supportive fans what Ram Pride is really about!

The Talk Of The Town Is This Year's Volleyball Team

Once again, the Southern Lady Rams volleyball teams had an awesome season. The Varsity ended with an undefeated record for the first time ever and went to regionals, bringing in a win against Allegany and Williamsport. With regionals under their belts, they moved on to the semi-finals winning against Havre de Grace. At last, the girls met their match with Rising Sun. Southern left this year's season with a superb record and a phenomenal year both as individual players and as a team.

Football this year was not about winning or losing, it was about playing as a team. With the injury of Senior Justin Ratliff, the team knew they had to grow closer if they wanted to win. That is exactly what happened and there was not a single player that made the whole team. All of the players learned the life long lesson of team unity from this year's season.

Senior Ryan Dewitt showed that practice makes perfect as he went into his fourth high school season.

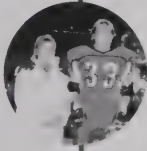

Senior Adam VanBogelen showed his amazing passing skills this season as varsity quarterback.

Senior Justin Ratliff led the football team in tackles this year despite his injury.

Senior Jacob Pike had an amazing season as tight end and defensive end.

Senior Eric Pike showed his talent as full back in the Petersburg vs. Southern game.

Senior Mike Edwards stepped up his game in the last game of the season against Northern.

Senior TJ Sisler played almost every position on the offensive line throughout the season.

"We Speak With Our Feet!!"

Both the girls and boys XC teams had a fantastic season for the 2006 year. The girls ended their regular season at 57-28, and the boys finished at 41-50. Both Michael McConnell, from the boys team, and the girls varsity team, qualified for states this year. Michael McConnell placed 26th, Sierra Wassell placed 8th, and the girls team placed third in the state. Most said they owed their success this year to the great bonds and friendships that were built during this season.

Golf Players Kept their Game Up To Par

This year's golf team was definitely up to par with a record of 28-3. In addition to a great season, the team experienced its 7th straight win in the WMIL. Coach Dave Martin believes their success was brought on with the contributions of leadership and skill from the seniors Ryan Martin, Joe Albert, and Seth Fike. Many of the players thought they had a good season with many younger players who really stepped it up.

Seth Fike stated, "My most memorable moment was when I hit a hole-in-one during practice."

"I feel that I am the most improved player on the team this year, considering everyone had a few years on me," said Cathy Hughes.

CLASSY AND GUTSY GIRLS

It's Not Always Fun And Games

With Coach Nawrot as their new head coach and Coach Storey as their new assistant coach, the Lady Rams soccer season started out with two major wins against Bishop Walsh and Frankfort. According to many of the girls, one of their best memories was their beating Frankfort 3-1. As the season progressed, these gutsy girls showed excellent sportsmanship and teamwork. Not only did these girls grow closer as teammates, but also as friends with tons of laughs, treasurable memories, and much to talk about.

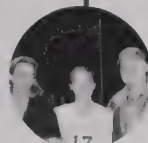

"I have been playing soccer for so long it was very sad to let it go. I'm going to miss all the girls," stated Jessica Petrella.

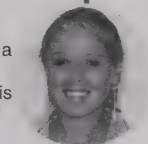

Sara Beckman stated, "Soccer is not just a endurance sport, but is also a mental and physical game as well, which makes it different from other sports."

Lauren Shue stated, "I'm really going to miss all the girls and I wish them best of luck next year."

Brittney Scheffel commented, "I've been a member of the soccer team for 3 years and this year was the most fun."

"I prepare myself for a game by listening to songs on my ipod, and focusing on what I need to do during the game," stated Kim Stephens.

Brooke Baier quoted, "My most memorable moment was our bus ride to Northern when we decided to play our warm up CD and we all started dancing and singing...shake that laffy taffy Morgan."

Shawn Deal said, "To keep up my skill level and to get better I play soccer all year around."

WENT IN WITH A BOOM AND OUT WITH A BANG

There's A First Time For Everything

Staff Writer: Erica Glotfelty

The Southern High School cheerleading squad had a season that surpassed all expectations. With the decision this year to have one squad of fifteen girls, the result could not have been better. Although there was a bit of a struggle to bring all the newbies up to Varsity level, they pushed through with success. After a long but satisfying season of cheering on the boys and girls sports teams, nine of the fifteen girls extended the season with a competition in Kings Dominion, Virginia. "This season was great! The accomplishments were not expected. Two major highlights of our season were being able to travel to States with our Lady Rams and also coming in three points of winning our competition in Kings Dominion. The leadership from the seniors was magnificent!" stated coach Harry Biggs.

Front Row (left to right): Heather Ashby, Erica Glotfelty, Hana Smith, Lacy Liller **Second row:** Marlaina Graham, Alayna Gaither, Kira Farley, Brianne Uphold, Beccie Reckart **Third row:** Karrina Beck, Brittany Harvey, Torri Riley, Paige Carr, Kellie Shotwell, Carissa Lewis

Spirit week, a week where almost anything goes! Students and faculty are encouraged to dress up accordingly on the designated days of the week. Twin day, crazy day, and pajama day are just a few examples of many that everyone loves to show spirit and pride in their school by participating in. Spirit week always includes the days leading up to the Fall Homecoming game and dance.

Frank Bartram (left) is shown rocking out with his bandana and baseball cap. Sara Holler and Holly Logsdon (right) match their styles for a shot as twins.

Sisters Meghan and Rachel Flinn (right) found it easy to look alike for twin day wearing matching t-shirts.

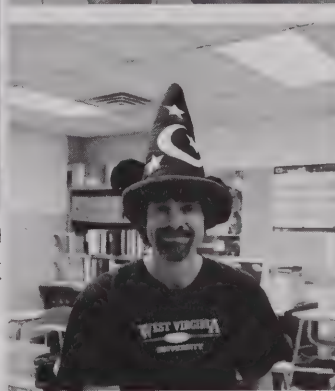

The Cross Country team had a lively bunch with all the girls participating in twin day and looking alike with their t-shirts and shorts.

Almost the entire fall staff of Yearbook was full of Spirit on Red and White day during the fall homecoming spirit week.

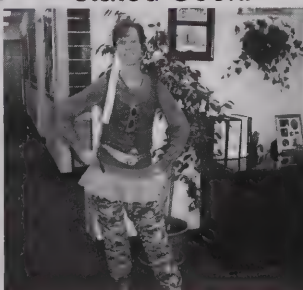

Courtney Hinebaugh and Samantha Cook are shown for twin day looking mighty fine! "We are best friends and like to dress alike anyway," stated Cook.

Amanda Perry participated in spirit week sporting a WVU sweatshirt for college pride day. "WVU rocks my socks," states Perry.

Mrs. Slaubaugh is a firm supporter of spirit week. "I like to support the school and give the kids a laugh! If I can do it, all kids can!"

Kerry Conroy, Adrienne Yoder, and Alex Barnard (left) dress for twin day. "Always poppin' our collars and lookin' good," says Conroy.

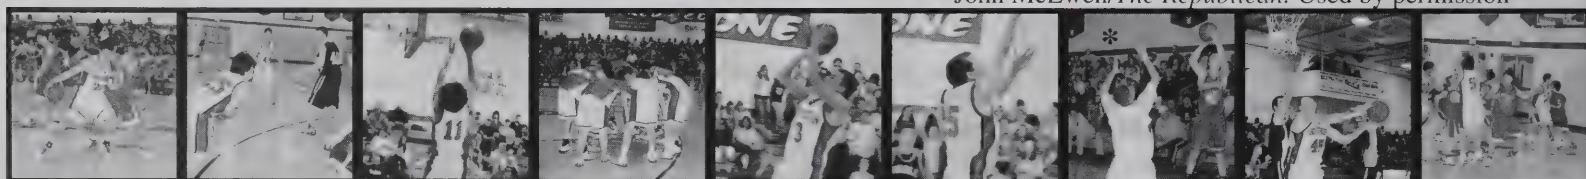

THEY'LL SHAKE THE CHECKS OFF YOUR MIKES

The Southern Boys Basketball team strives for perfection every year. This year was no different than any other. The boys worked hard and had fun along the way. There were many ups and downs, but their accomplishments outweighed any defeat. The highlight of many boys, coaches, and fans this season was the victory held over Fort Hill, the number one ranked team in the area. No matter what, the team stuck together and played the game of basketball to the best of their ability. With many injuries this season, it created an obstacle the entire team had to conquer. Jeff Stem stated, "The injuries affected our team no doubt. If we would have had our players healthy the full season we could have potentially won more games." Nonetheless, the boys basketball team gave us something to talk about!

STATE CHAMPIONS

Girls Bring Home Another State Title

The Southern Lady Rams had an amazing season, ending with a 22-3 record. All season the rumor had it that our girls were the team to beat....and yes, they couldn't be stopped. With their amazing talent and outstanding teamwork, the Lady Rams made it to State Championships, knocking out Allegany, Boonsboro, Surrattsville, and Pocomoke for the State Championship title. With the starting five being 2 sophmores, 1 junior, and 2 seniors, it surely will not be the last state title. Way to go girls!

ATTACHING THE TRACK

Outdoor Runs Ins

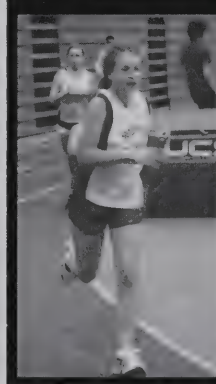

This year was the first year our school has ever had an indoor track team. The team was composed of all girls and was coached by Steve Cosner and Elizabeth Sauder. The girls practiced three days a week in the hot school halls and then traveled to Hagerstown Community College for all three meets. Megan Flinn was the first and only girl to win an event this season with pole vault. The coaches and girls both felt the season was successful and had an exciting first year! The girls plan to come back strong again next year!

State Championship Participants

This year's season was a success for both the boys and girls teams. The girls began the season competing against tough teams and in the end, all of the hard work paid off when they were 3rd in the area, 2nd in WMIL, and had 5 girls compete in the state meet in 6 events. The boys began the season with two new coaches, Tim Yoder and Elizabeth Sauder. They placed well in their meets and kept working hard the whole season to keep improving. Four boys competed at states in the 400 and 800 meter relays. Both teams will be losing some seniors that benefited both teams greatly but the teams will be back next year working towards a great season!

Sarah Stephens, Senior
"My favorite event is 100m. hurdles because its thrilling knowing that you could fall at any moment. From this season I will remember going to states in all four of my events, high jump, 100m. hurdles, 300m. hurdles, and the 4x100m. relay."

Bryan Hutton, Sophomore
"Track was really fun this year. I love competing in pole vaulting because it is such a challenge."

"Tough times don't last but tough people do!" --A.C. Green

Meghan Flinn, Senior
"My favorite event is pole vaulting because I have a lot of fun practicing and competing. I will remember winning the regional meet in the pouring rain and tying the school record this season."

Alan Gnegy, Junior
"I enjoyed track this year because going to staes with my friends was a great experience"

Like The Pros, Making It Look Easy

Skill, dedication, determination, and an overall positive attitude are characteristics of Southern High School wrestlers. Seniors Justin Ratliff and Daniel Carr worked hard to show underclassmen not only leadership, but sportsmanship as well. The wrestling team competed as individuals, but supported each other as competing as a team. In the end, the team placed second in states. George Scheffel defies the odds and became the first freshman individual state winner.

"Beating Josh Borland that was ranked third in the state at 171, 17-5 was the highlight of my season. It was the turning point of the season for just coming off of a knee injury."

- Justin Ratliff

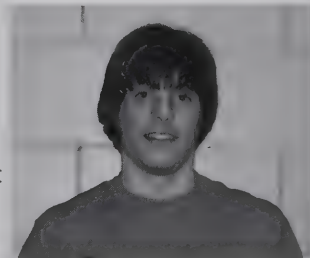

"Everytime we wrestled Northern we kept getting closer to winning. We never gave up."

- Lee Custer

Do you have a memorable match from the season?

"The matches between Jason Doerr and I from Northern. They were always physical matches and the last time we wrestled, I knocked him out of qualifying for states."

- Nick Farmer

"It was a home match; I filled in for the weight class above me and I got pinned in thirty seconds."

LOVE MEANS NOTHING HERE

Students let their Rackets do the Talking

The extra long winter left these tennis teams with extra short seasons. Although the players didn't have much time to work on their game, many of them made it past Bi-Counties and on to Regionals. No matter the outcome of the match, the players had a great season working together and improving their tennis skills.

Junior **Julie Swerbinsky** "Me and Brittney were great in doubles at Bi-Counties this year! We won the doubles tournament!"

Senior **Sarah Stephens** "This season was great. I made it to regionals and I taught the girls on the team a lot of new things."

Junior **Meredith Pagenhardt** "The training really helped this seasons. Sit squats really tightened us up!"

Senior **Seth Fike** "Last year I was undefeated and this year Ethan and I were undefeated in the doubles tournament at Bi-Counties."

Junior **Brittney Scheffel** "This year I really improved my placement and serves. Winning Bi-Counties with Julie was awesome!"

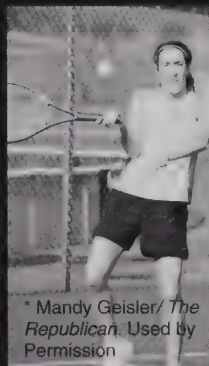

Junior **Cody Colaw** "This season was a lot of fun, especially when we got to go to the Peking House to eat after our game. It's the best."

Junior **Charles Bowman** "I love the competitiveness of tennis. I have improved so much since last year and I had a really great season!"

Lacy Matthews states, "My goal for the season was not to strike out and to have a high batting average. Our team goal was to beat Allegany twice."

Brooke Baier says, "My most memorable moment was probably when we swept Allegany. That hasn't been done in a long time and it made us feel like a team."

BATTER UP

Swinging For A Grand Slam

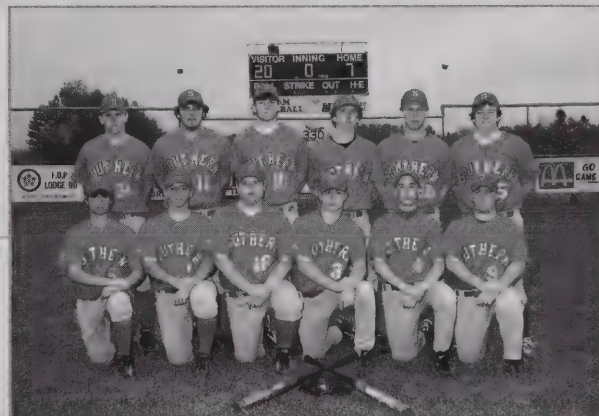

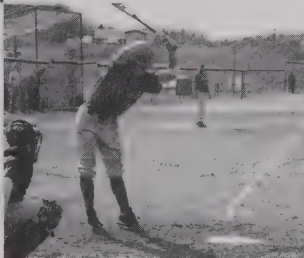

As the baseball season comes to a end, many players take with them many memories that will last a lifetime. This year, the varsity team had an overall good season, with an ending record of 13-5. The team made it through their first playoff game winning 9-8 against Williamsport but then feel to Smithsburg. With only one senior on the team, both varsity and jv had a great season. Even though the one senior will be sadly missed, most players plan to return next year, hoping for another positive season.

People

Many schools are known for their sports teams or academics, but Southern is also known for its wonderful students. Our student body knows how to represent our school well and show others what class we have. Our students are respectful during the 9/11 memorial, show spirit in the 6th Man Club, and maturity during pep assemblies that keep neighboring communities whispering, wishing they had kids as good as Southern's.

Freshman Seminar

Freshman year, instead of choosing a mini-period first semester, freshman students attend 12 different seminars. There are a variety of sessions to attend.....financial planning to Internet research and media center skills. Students are also learning speech communication skills and techniques to help with their reading and comprehension. Most students interviewed enjoy the seminars because they teach them different things that will help them during high school and once they graduate. However, freshman were happy when second semester came.....they could choose their own mini period or have a study hall.

Our technology has become our toys but for our parents....their migraine..

Joe Shaffer said, "I enjoy playing my PSP when I am bored." Derek Dewitt has his iPod with him so he can listen to his music while he's studying.

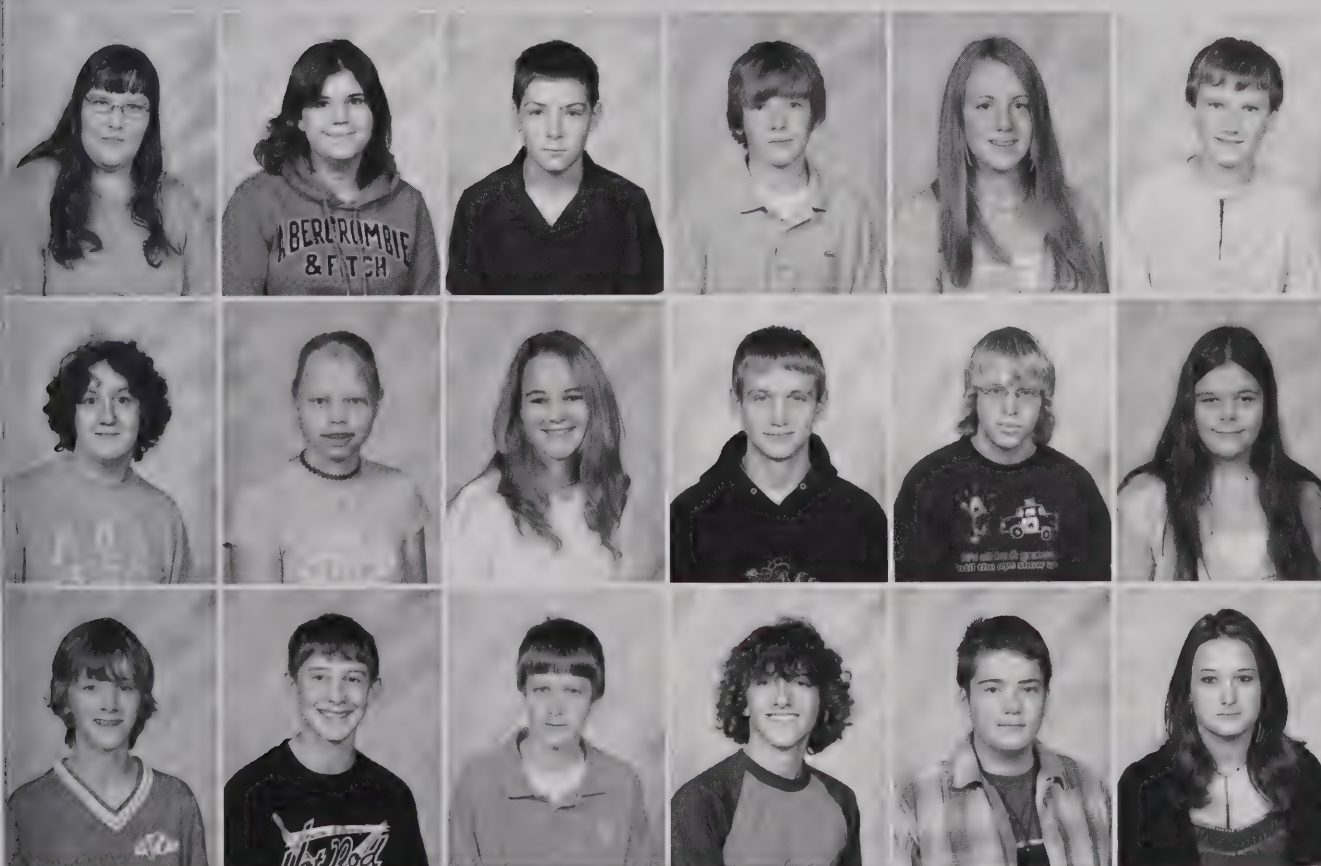

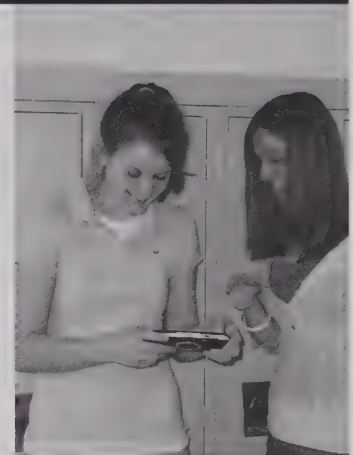

"I use my cell phone 24/7 and always have it with me," states Tiffany Matthews. Matt Rodeheaver takes his PSP everywhere with him so where there is a dull moment he can entertain himself.

No more typewriters.... and writing a letter with a pen and paper is out of the question. Technology is the thing and is everywhere we look. Cell phones, Wii's, Play Station Portables, the Internet, Laptops, iPods, and other technology devices are found in many students' possession at school and at home.

Modern technology owes ecology an apology.

Furry Friends

Tiffany Thomas loves teaching her dogs, Gizmo and Gomez new tricks.(far right)

Vivian Geroski (left) and her dog, Bailey, love to play fetch together. "She hides her ball under the couch and barks until I get it for her."

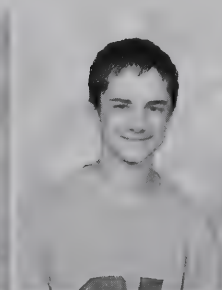

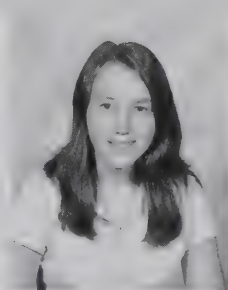

Everyone needs a best friend. Sometimes your best friend is a pet. They always listen, never laugh at you, and arguments are out of the question. Southern students hold their pets near and dear to their hearts. Some students have traditional cats and dogs while others have birds, guinea pigs, snakes and tropical fish. "Our pet is the only thing on earth that will love you more than you love yourself." ~ Josh Billings

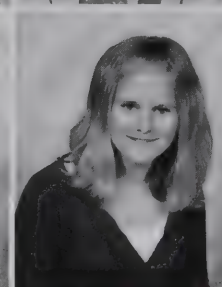

Melissa Stewart (above left) says her Jack Russell, Dolly is her best friend because she is always there to listen and cuddle with her. Jillian Kelly (far left) says her guinea pig Charlie is very cute when he tries to run around and starts squeaking.

Another fan of the Nacho Cheesy Doritos is Rebekah Severe, who says "they're my favorite."

BBQ is not just for your chicken or your cookout. There's BBQ Potato Chips, which is Tatiana McCaskey's favorite snack time craving.

Marshall Thayer (left) says "my thing to snack on is the Nacho Cheesy Doritos."

Ashley Sharpless says her favorite snack is a Slim Jim because "they're quick to grab and easy to eat."

A Teacher's Insight

The Faculty Corner

As the school year rushes by, each staff member experiences different situations. Different emotions arise with those experiences. These staff members express their favorite and not so favorite memories of teaching.

Mr. Wolf likes testing least during the school year. "I do not like all of the testing. I think that the students, especially 10th graders, are tested too much."

Mr. Ryan Wolf

Each year Mr. Woods looks forward to graduation because it is "the culmination of a student's thirteen years of hard work."

Principal Tom Woods

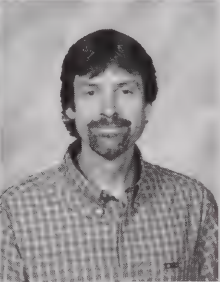

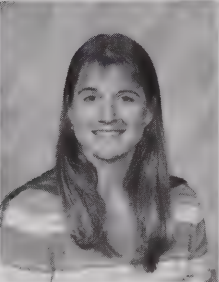

"My favorite memory is when I first took a group of students to New York City. I stood back and watched them look up at the skyscrapers in Times Square."

Dream Career

Astronaut, fireman, police officer, doctor, lawyer; every little kid dreams of what he or she wants to be when grown up. The dream job might stem from being the banker while playing Monopoly or because of a childhood role model. You might be surprised at what some of your teachers' dream jobs were when they were little.

Mr. Lowell Leitzel

"I wanted to become a farmer and a school bus driver. [Later on] I began to lean toward teaching as a career."

Mr. Fred Gregg

"I wanted to be a pro tennis player or a doctor. I wanted to be a doctor because I knew doctors were smart and could save people's lives."

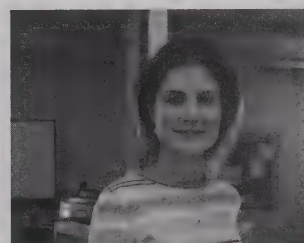

Ms. Melissa Barnes

"I wanted to be an archeologist just like Indiana Jones."

Mr. John Coffman

"I wanted to be a veterinarian because I had an interest in medicine and I thought it would be interesting to travel to farms throughout the area helping with the livestock."

Mrs. Laurie Walker

"I've always wanted to be the best I can be. I wanted to be a good wife, a good mother, and a good employee."

Life

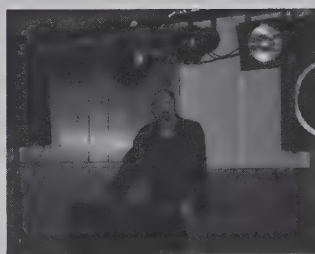

On The

Outside

Mrs. Spiker likes to go to the movies. Her favorite one this year is about a man who learns his life lessons with a remote control. "I loved [Click]. It was funny, sad, and it had a great message."

Ms. Robin Spiker

After teaching hours are over, Mr. Dyche spins records on the side. "As a hobby I own my own DJ business. This keeps me active with a variety of genres."

Mr. Todd Dyche

Colonel Riley's favorite escape is the little town of Garmisch, Germany, where he likes to ski and spend quality time with his family.

LTC Jack Riley

As a kid you may have read *My Teacher Sleeps in School* by Leatie Weiss. While it may sound reasonable enough, teachers do lead exciting lives outside of the school realm.

Garrett County Teacher of the Year

Mrs. Lisa Bender was named Garrett County Teacher of the Year and became a finalist for Maryland Teacher of the Year. Even though she has received such an honor, Mrs. Bender remains humble, attributing her success at the Finalist interview to her coworkers and students.

Why did you decide to enter into the teaching field?

"I started my career in banking but every night I went home and my husband and I sat down to eat dinner, we would ask each other how our day went. My conversation was always the same. My husband's answers were always different because each day in a classroom is always different - you never know what to expect. So I guess you could say my husband inspired me."

What is your teaching philosophy?

"I strongly believe that learning doesn't just come from a textbook. Understanding the theory is important, but I want my students to be able to take their learning to the next level."

Oakland Lions Club Glotfelty Community Service Award

Mrs. Beth Sauder, a new Math teacher for 2007, comes with a very cultured repertoire. For a year, Mrs. Sauder taught Math and English to students in Uganda, Africa by volunteering with Mennonite Central Committee before coming to Southern High School to expand her teaching career. This year, she spoke to the Oakland/Mountain Lake Park Lions Club of her mission trip to Africa, inspiring many with her enthusiasm and commitment.

What are your most memorable experiences from your trip to Africa?

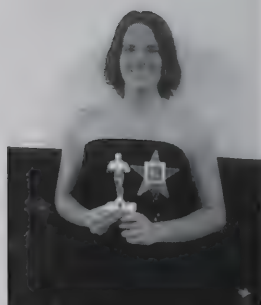

"Carrying five gallons of water on my head, washing clothes by hand, eating grasshoppers, cooking over a fire, and meeting lots of awesome people."

What have you learned from this that will help you throughout the rest of your teaching career?

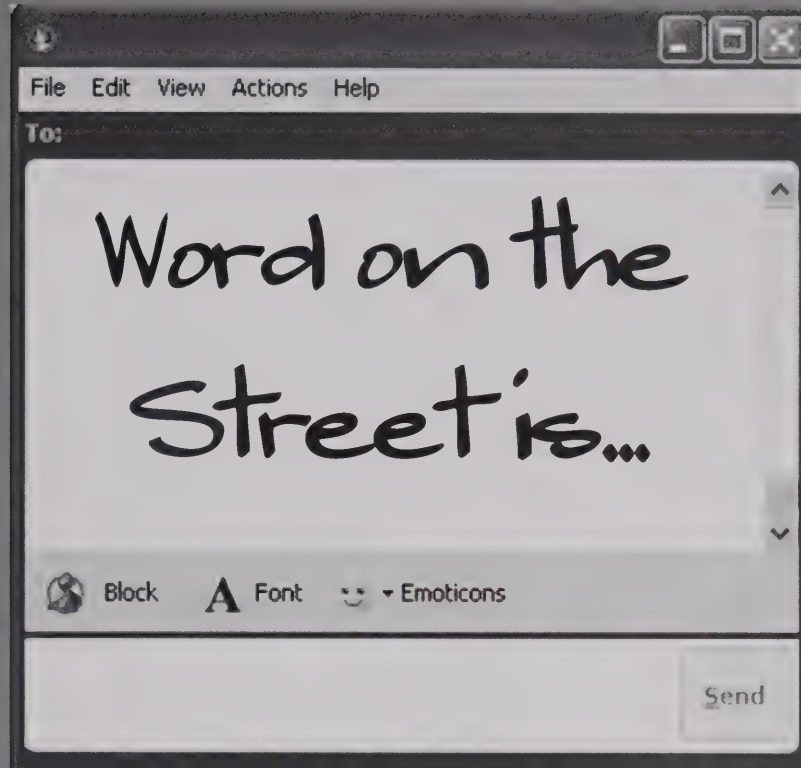

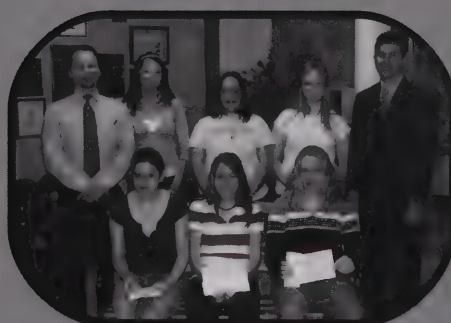

"I learned to work with students who are very different from myself and to try to relate to them all no matter how different they may be."

Maryland Best Buddies Advisor of the Year

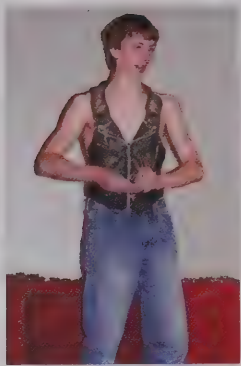

Ms. Heather Mancuso, the Best Buddies Advisor, received the 2006-2007 Best Buddies Maryland Advisor of the Year award at the Best of Maryland awards held in Columbia at Atholton High School. Out of 135 Best Buddies advisors in Maryland, Mancuso stood out from the rest as one of the most caring and determined leaders in the program. During this academic year, Mancuso has worked with students to organize activities and plan various fundraisers with the program. These include holiday activities, a trip to Six Flags, and the Seventh Annual Best Buddies Western Maryland Bowling Bash. Because of Ms. Mancuso's perseverance and contributions, students involved with Best Buddies truly understand the mission of the organization and the results that it can achieve.

Community

Without the help from the Southern community, many activities for the Rams would not exist. It is the surrounding businesses and organizations that donates materials for academics, supports our athletics, and supports Southern in every possible way. From those at Southern, we give a big thanks to our entire community!

ROBERT CORY RECKART

Dad and I want to tell you how proud and lucky we are to have you for a son. We have watched you grow into a terrific young man! You have worked hard and have been waiting for this day. It's a day of accomplishments and pride: pride in reaching your goals to make your dreams come true. May you continue to go forward into the future and receive the desires of your heart. Thank you for being a wonderful son, a caring and loving big brother. You can always find a few minutes for your sisters and your little brother.

Congratulations on your graduation.

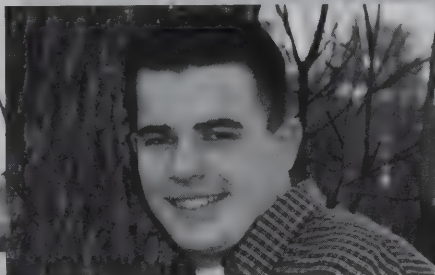

We love you very much!! Put your future in good hands-God's hands!!
Love-Dad, Mom, Beccie, Ryann, and Reece

Adam Rexroad

It seems like last week you were driving Little Tike cars and Tonka trucks. Now it's Oliver tractors and Ford pickups. We are so proud of you and all you've accomplished. Remember-no matter where you go and whatever you do, we love you!

Love -Mom, Dad, Sarah and Bethany

T.J. Sisler

T.J.-You were a joy when just a little boy. And you have been a special joy the last two years you have spent with us. We are very proud of you. We know you will be successful at whatever you decide to do.

Love you, Pap Pap and Nan Nan

Rachel Bessey

Emma Jean,

I am very proud of you. You give your best in whatever you do and always try to help others when you can. I've watched you grow into a beautiful young lady. Things haven't always been smooth between us, but know that I will always love you no matter what happens between us. Go for your dreams and always strive to do your best. You've never been shy and don't always stop to think before you speak, but that is what makes up the unique personality that I love. Remember, you'll always be my baby Emma Doo.

Love you, Mom

Erica Glotfelty

You have grown into a beautiful woman. I am so proud of you! May all your dreams come true. The door is opening with endless possibilities for you. So hang on and run with your dreams. I love you very much!

-Mom

Ashley,

Where has the time gone? We are so proud of you! We leave you with a paragraph from the song *Find Your Wings* by Mark Harris... "I pray that God will fill your heart with dreams, and that faith gives you the courage to dare to do great things. I'm here for whatever this life brings, so let my love give you roots and help you find your wings!" We love you!

-Mom and Dad

Amanda Lynn Ashby

You have grown into such a smart and beautiful young woman. We are so proud of you!
Love-Mom, Melvin, Carrie, Vanessa and Marlysse

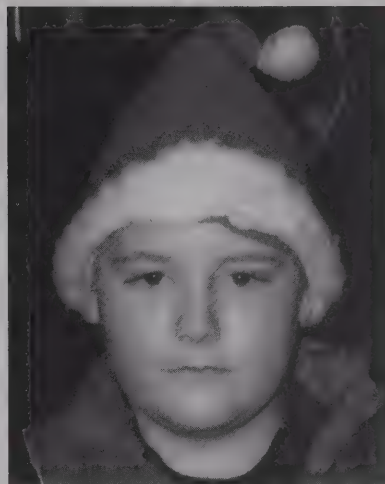

Seth Friend

Seth, Eighteen years ago, God blessed us with a baby boy. Now you've grown into a man. A mighty hunter and fisherman you are. May God guide your path and light your way. We are so proud of you!

Mr. Coffman--Thank you for helping us create the 2007 video yearbook! You are the best!

When asked about my senior year at Southern I would consider it my best. With plenty of memories tucked away and

many friends and teachers that made an impact, the 2006-2007 school year left a lasting impression in my mind. Fellow graduates, good luck with all you do and remember your roots here at Southern. To the upcoming classes, savor every moment and run with it. In this yearbook, there are documents of this eventful year that everyone will remember. -Erica Glotfelty

The past four years at Southern have made it possible for me to pursue my dreams and goals. I have made the best friends here and have learned the most important lessons from some significant teachers. One thing for underclassmen to remember: graduation comes fast so make memories and treasure those close to you. Congratulations graduates! I wish all the best for everything that comes your way! -Amanda Perry
